**VECTOR GROUP LTD.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**(Dollars in Thousands, Except Per Share Amounts)**  
**Unaudited**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

(a) Basis of Presentation:

The condensed consolidated financial statements of Vector Group Ltd. (the “Company” or “Vector”) include the accounts of Liggett Group LLC (“Liggett”), Vector Tobacco Inc. (“Vector Tobacco”), Liggett Vector Brands LLC (“Liggett Vector Brands”), New Valley LLC (“New Valley”) and other less significant subsidiaries. New Valley includes the accounts of Douglas Elliman Realty, LLC (“Douglas Elliman”) and other less significant subsidiaries. All significant intercompany balances and transactions have been eliminated.

Liggett and Vector Tobacco are engaged in the manufacture and sale of cigarettes in the United States. Liggett Vector Brands coordinates Liggett and Vector Tobacco’s sales and marketing efforts. Certain references to “Liggett” refer to the Company’s tobacco operations, including the business of Liggett and Vector Tobacco, unless otherwise specified. New Valley is engaged in the real estate business.

The unaudited, interim condensed consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (“U.S. GAAP”) for interim financial information and, in management’s opinion, contain all adjustments, consisting only of normal recurring items, necessary for a fair statement of the results for the periods presented. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2020 filed with the Securities and Exchange Commission (“SEC”). The consolidated results of operations for interim periods should not be regarded as necessarily indicative of the results that may be expected for the entire year.

Certain reclassifications have been made to the 2020 financial information to conform to the 2021 presentation. Credit loss expense has been reclassified from Other (expense) income as components of Other, net.

(b) Distributions and Dividends on Common Stock:

The Company records distributions on its common stock as dividends in its condensed consolidated statements of stockholders’ deficiency to the extent of retained earnings. Any amounts exceeding retained earnings are recorded as a reduction to additional paid-in capital to the extent paid-in-capital is available and then to accumulated deficit.

(c) Earnings Per Share (“EPS”):

Net income for purposes of determining basic and diluted EPS was as follows:

	<b>Three Months Ended</b>		<b>Nine Months Ended</b>	
	<b>September 30,</b>		<b>September 30,</b>	
	<b>2021</b>	<b>2020</b>	<b>2021</b>	<b>2020</b>
Net income attributed to Vector Group Ltd.	\$ 48,889	\$ 38,139	\$ 174,151	\$ 60,682
Income attributed to participating securities	(823)	(708)	(2,510)	(1,976)
Net income applicable to common shares attributed to Vector Group Ltd.	<u>\$ 48,066</u>	<u>\$ 37,431</u>	<u>\$ 171,641</u>	<u>\$ 58,706</u>

**VECTOR GROUP LTD.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (Continued)**

**(Dollars in Thousands, Except Per Share Amounts)**  
**Unaudited**

Basic and diluted EPS were calculated using the following common shares:

	<b>Three Months Ended</b>		<b>Nine Months Ended</b>	
	<b>September 30,</b>		<b>September 30,</b>	
	<b>2021</b>	<b>2020</b>	<b>2021</b>	<b>2020</b>
Weighted-average shares for basic EPS	152,535,244	152,216,118	152,357,669	149,541,642
Plus incremental shares related to stock options and non-vested restricted stock	34,376	8,470	132,411	32,007
Weighted-average shares for diluted EPS	<u>152,569,620</u>	<u>152,224,588</u>	<u>152,490,080</u>	<u>149,573,649</u>

The following non-vested restricted stock were outstanding during the three and nine months ended September 30, 2021 and 2020, but were not included in the computation of diluted EPS because the impact of the per share expense associated with the restricted stock was greater than the average market price of the common shares during the respective periods. The following shares issuable upon the conversion of convertible debt were outstanding during the three and nine months ended September 30, 2020, but were not included in the computation of diluted EPS because the impact of the common shares issuable under the convertible debt were anti-dilutive to EPS.

	<b>Three Months Ended</b>		<b>Nine Months Ended</b>	
	<b>September 30,</b>		<b>September 30,</b>	
	<b>2021</b>	<b>2020</b>	<b>2021</b>	<b>2020</b>
Weighted-average shares of non-vested restricted stock	210,642	612,538	—	555,918
Weighted-average expense per share	\$ 19.54	\$ 18.29	\$ —	\$ 19.54
Weighted-average number of shares issuable upon conversion of debt	—	—	—	3,237,522
Weighted-average conversion price	\$ —	\$ —	\$ —	\$ 20.27

(d) Restructuring:

During 2020, in response to the coronavirus pandemic (“COVID-19”), the Company's Real Estate segment, including Douglas Elliman, underwent a restructuring by realigning its administrative support function and office locations as well as adjusting its business model to more efficiently serve its clients. This included a reduction of brokerage personnel by approximately 25% at Douglas Elliman. For the three and nine months ended September 30, 2021, there were no restructuring charges. As of December 31, 2020, there was no accrual for restructuring charges.

**VECTOR GROUP LTD.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (Continued)**

**(Dollars in Thousands, Except Per Share Amounts)**  
**Unaudited**

The following table summarizes amounts expensed for the three and nine months ended September 30, 2020:

	<b>Three Months Ended September 30, 2020</b>	<b>Nine Months Ended September 30, 2020</b>
<b>Cash Charges:</b>		
Employee severance and benefits	\$ 186	\$ 1,785
Other restructuring expenses	64	282
	<u>250</u>	<u>2,067</u>
<b>Non-Cash:</b>		
Loss on fixed assets associated with consolidation of sales offices	70	1,214
<b>Total restructuring charges</b>	<u>\$ 320</u>	<u>\$ 3,281</u>

All amounts expensed for the three and nine months ended September 30, 2020 are included as Restructuring charges in the Company's condensed consolidated statements of operations and are all attributable to the Company's Real Estate segment.

Severance and benefits expensed for the three and nine months ended September 30, 2020 relate entirely to a reduction in administrative positions.

The following table presents the activity under the Real Estate segment restructuring plan for the nine months ended September 30, 2020:

	<b>Employee Severance and Benefits</b>	<b>Other</b>	<b>Non-Cash Loss on Fixed Assets</b>	<b>Total</b>
Accrual balance as of January 1, 2020	\$ —	\$ —	\$ —	\$ —
Restructuring charges	1,785	282	1,214	3,281
Utilized	(1,735)	(282)	(1,214)	(3,231)
Accrual balance as of September 30, 2020	<u>\$ 50</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 50</u>

(e) Investments in Real Estate Ventures:

In accounting for its investments in real estate ventures, the Company identified its participation in Variable Interest Entities ("VIE"), which are defined as (a) entities in which the equity investment at risk is not sufficient to finance its activities without additional subordinated financial support; (b) as a group, the equity investors at risk lack 1) the power to direct the activities of a legal entity that most significantly impact the entity's economic performance, 2) the obligation to absorb the expected losses of the entity, or 3) the right to receive the expected residual returns of the entity; or (c) as a group, the equity investors have voting rights that are not proportionate to their economic interests and the entity's activities involve or are conducted on behalf of an investor with a disproportionately small voting interest.

The Company's interest in VIEs is primarily in the form of equity ownership. The Company examines specific criteria and uses judgment when determining if the Company is the primary beneficiary of a VIE. Factors considered include risk and reward sharing, experience and financial condition of other partner(s), voting rights, involvement in day-to-day capital and operating decisions, representation on a VIE's executive committee, existence of unilateral kick-out rights exclusive of protective rights or voting rights and level of economic disproportionality between the Company and its other partner(s).

Accounting guidance requires the consolidation of VIEs in which the Company is the primary beneficiary. The guidance requires consolidation of VIEs that an enterprise has a controlling financial interest. A controlling financial interest will have both of the following characteristics: (a) the power to direct the activities of a VIE that most significantly impact the VIE's economic performance and (b) the obligation to absorb losses of the VIE that could potentially be significant to the VIE or the right to receive benefits from the VIE that could potentially be significant to the VIE.

**VECTOR GROUP LTD.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (Continued)**

**(Dollars in Thousands, Except Per Share Amounts)**  
**Unaudited**

The Company’s maximum exposure to loss in its investments in unconsolidated VIEs is limited to its investment in the VIE, any unfunded capital commitments to the VIE, and, in some cases, guarantees in connection with debt on the specific project. The Company’s maximum exposure to loss in its investment in consolidated VIEs is limited to its investment, which is the carrying value of the investment net of the non-controlling interest. Creditors of the consolidated VIEs have no recourse to the general credit of the primary beneficiary.

On a quarterly basis, the Company evaluates its investments in real estate ventures to determine if there are indicators of impairment. If so, the Company further investigates to determine if an impairment has occurred and whether such impairment is considered temporary or other than temporary. The Company believes that the assessment of temporary or other-than-temporary impairment is facts-and-circumstances driven.

(j) Acquisitions:

On August 6, 2021, Douglas Elliman acquired an additional 49% ownership interest in Real Estate Associates of Houston LLC (“REAOH”), a licensed real estate service provider in Houston, Texas, for a purchase price of \$500. REAOH is included in the Real Estate segment, as a subsidiary of Douglas Elliman. The purchase price allocation for this acquisition resulted in the recognition of \$6,527 of intangible assets related to a non-compete agreement, \$5,047 of assets, \$11,389 of liabilities and \$815 of goodwill. The goodwill is not expected to be deductible for income tax purposes. The non-compete agreement is expected to be amortized over ten years. Douglas Elliman controls the board of REAOH and consolidates its ownership interest under the voting interest model in accordance with ASC 810, resulting in a non-controlling interest for the remaining 50% of REAOH not owned by Douglas Elliman on the Company’s condensed consolidated financial statements.

The assets, liabilities and results of operations of REAOH were not material to the Company’s condensed consolidated financial position, results of operations, or cash flows and therefore pro forma financial information for the acquisition was not presented.

(k) New Accounting Pronouncements:

Accounting Standards Updates (“ASU”) adopted in 2021:

In December 2019, the Financial Accounting Standards Board (the “FASB”) issued *ASU No. 2019-12, Simplifying the Accounting for Income Taxes (“ASU 2019-12”)*. This update simplifies various aspects related to accounting for income taxes, removes certain exceptions to the general principles in Accounting Standards Codification (“ASC”) 740, and clarifies and amends existing guidance to improve consistent application. *ASU No. 2019-12* is effective for fiscal years, and interim periods within those years, beginning after December 15, 2020. Adoption of this update did not have a material impact on the Company’s condensed consolidated financial statements.

In January 2020, the FASB issued *ASU No. 2020-01, Investments-Equity Securities (Topic 321), Investments-Equity Method and Joint Ventures (Topic 323), and Derivatives and Hedging (Topic 815) (“ASU 2020-01”)*. The new standard clarifies the interaction of accounting for the transition into and out of the equity method. The new standard also clarifies the accounting for measuring certain purchased options and forward contracts to acquire investments. The ASU is effective for fiscal years beginning after December 15, 2020, including interim periods within those fiscal years. Adoption of this update did not have a material impact on the Company’s condensed consolidated financial statements.

ASUs to be adopted in future periods:

In March 2020, the FASB issued *ASU No. 2020-04, Facilitation of the Effects of Reference Rate Reform on Financial Reporting (“ASU 2020-04”)*. This ASU is intended to provide temporary optional expedients and exceptions to the U.S. GAAP guidance on contract modifications and hedge accounting to ease the financial reporting burdens related to the expected market transition from the London Interbank Offered Rate (“LIBOR”) and other interbank offered rates to alternative reference rates. This guidance is effective for all entities for contract modifications beginning March 12, 2020 and can be applied prospectively through December 31, 2022. In January 2021, the FASB issued *ASU 2021-01* to clarify the scope of the guidance and allow certain aspects of Topic 848 to be applied to all derivative instruments that undergo a modification of the interest rate used for discounting, margining or contract price alignment as a result of the reference reform. The Company has not yet determined the extent to which it will utilize these expedients and exceptions should a modification occur. The Company does not anticipate an impact on its condensed consolidated financial statements.

**3. CURRENT EXPECTED CREDIT LOSSES**

*Tobacco receivables:* Average collection terms for Tobacco sales range between three and twelve days from the time that the cigarettes are shipped to the customer. Based on Tobacco historical and ongoing cash collections from customers, an estimated credit loss in accordance with ASU 2016-13 was not recorded for these trade receivables as of September 30, 2021 and December 31, 2020.

*Real estate broker agent receivables:* Douglas Elliman Realty is exposed to credit losses for various amounts due from real estate agents, which are included in Other current assets on the condensed consolidated balance sheets, net of an allowance for credit losses. The Company estimates its allowance for credit losses on receivables from agents based on an evaluation of aging, agent sales in pipeline, any security, specific exposures, historical experience of collections from the individual agents, and current and expected future market trends (such as the current and expected impact of COVID-19 on the real estate market). The Company estimated that the credit losses for these receivables were \$7,623 and \$7,038 at September 30, 2021 and December 31, 2020, respectively.

*Term loan receivables:* New Valley periodically provides term loans to commercial real estate developers, which are included in Other assets on the condensed consolidated balance sheets. New Valley had two loans with a total amortized cost basis of \$15,928, including accrued interest receivable of \$6,428 at both September 30, 2021 and December 31, 2020, and have maturities in 2021 and beyond. The loans are secured by guarantees and given their risk profiles are evaluated individually. As New Valley does not have internal historical loss information by which to evaluate the risk of credit losses, external market data measuring default risks on high yield loans as of each measurement date was utilized to estimate reserves for credit losses on these loans. Pursuant to the requirements of ASU 2016-13, New Valley's expected credit loss estimate was \$15,928 at both September 30, 2021 and December 31, 2020.

The following is the rollforward of the allowance for credit losses for the nine months ended September 30, 2021:

	January 1, 2021	Current Period Provision	Write-offs	Recoveries	September 30, 2021	
<b>for credit losses:</b>						
Real estate broker agent receivables	\$	\$,038	(1) 984	\$ 319	\$ —	7,623
New Valley term loan receivables		15,928	—	—	—	15,928

(1) The bad debt expense related to the real estate broker agent receivables is included in Operating, selling, administrative and general expenses on the condensed consolidated statements of operations.

The following is the rollforward of the allowance for credit losses for the nine months ended September 30, 2020:

	January 1, 2020	Current Period Provision	Write-offs	Recoveries	September 30, 2020	
<b>Allowance for credit losses:</b>						
Real estate broker agent receivables	\$	6,132	\$ 1,724 <sup>(1)</sup>	\$ 141	\$ —	\$ 7,715
New Valley term loan receivables		3,100	9,008 <sup>(2)</sup>	—	—	12,108

(1) The bad debt expense related to the real estate broker agent receivables is included in Operating, selling, administrative and general expenses on the condensed consolidated statements of operations.

(2) The credit losses related to the New Valley term loan receivables are included in Other, net on the condensed consolidated statements of operations.

**(Dollars in Thousands, Except Per Share Amounts)**  
**Unaudited**

Supplemental balance sheet information related to leases was as follows:

	<b>September 30, 2021</b>	<b>December 31, 2020</b>
<b>Finance leases:</b>		
Investments in real estate, net <sup>(1)</sup>	\$ 38	\$ 62
Property, plant and equipment, at cost	\$ 127	\$ 127
Accumulated amortization	(63)	(44)
Property and equipment, net	\$ 64	\$ 83
Current portion of notes payable and long-term debt	\$ 57	\$ 57
Notes payable, long-term debt and other obligations, less current portion	53	96
Total finance lease liabilities	\$ 110	\$ 153
<b>Weighted average remaining lease term:</b>		
Operating leases	7.47	7.87
Finance leases	2.05	2.71
<b>Weighted average discount rate:</b>		
Operating leases	9.18 %	9.26 %
Finance leases	8.09 %	7.82 %

<sup>(1)</sup> Included in Investments in real estate, net on the condensed consolidated balance sheets are financing lease equipment, at cost of \$748 and \$748 and accumulated amortization of \$710 and \$686 as of September 30, 2021 and December 31, 2020, respectively.

As of September 30, 2021, maturities of lease liabilities were as follows:

	<b>Operating Leases</b>	<b>Finance Leases</b>
Period Ending December 31:		
Remainder of 2021	\$ 11,293	\$ 16
2022	39,846	61
2023	35,031	35
2024	28,777	8
2025	23,291	—
2026	19,484	—
Thereafter	79,656	—
Total lease payments	237,378	120
Less imputed interest	(69,402)	(10)
Total	\$ 167,976	\$ 110

As of September 30, 2021, the Company had no undiscounted lease payments relating to operating leases for office space and equipment that have not yet commenced.

As a result of the COVID-19 pandemic, the Company received lease concessions from landlords in 2020 mostly in the form of rent deferrals and a few in the form of rent abatements. The Company elected to treat these deferrals and abatements as lease modifications and the existing lease liabilities were remeasured with a corresponding adjustment to the right-of-use asset on the effective date of the modification in 2020. The deferrals varied as to the timing of repayment but all agreements required repayment of the deferrals over the remaining lease terms.

**5. INVENTORIES**

Inventories consisted of:

	September 30, 2021	December 31, 2020
Leaf tobacco	\$ 35,339	\$ 42,988
Other raw materials	6,166	5,987
Work-in-process	644	520
Finished goods	67,356	68,781
Inventories at current cost	109,505	118,276
LIFO adjustments	(19,731)	(20,731)
	<u>\$ 89,774</u>	<u>\$ 97,545</u>

All of the Company's inventories at September 30, 2021 and December 31, 2020 are reported under the LIFO method. The \$19,731 LIFO adjustment as of September 30, 2021 decreased the current cost of inventories by \$13,139 for Leaf tobacco, \$474 for Other raw materials, \$26 for Work-in-process and \$6,092 for Finished goods. The \$20,731 LIFO adjustment as of December 31, 2020 decreased the current cost of inventories by \$14,139 for Leaf tobacco, \$474 for Other raw materials, \$26 for Work-in-process and \$6,092 for Finished goods.

The amount of capitalized MSA cost in "Finished goods" inventory was \$21,765 and \$21,120 at September 30, 2021 and December 31, 2020, respectively. Federal excise tax capitalized in inventory was \$25,136 and \$27,683 at September 30, 2021 and December 31, 2020, respectively.

At September 30, 2021, Liggett had tobacco purchase commitments of approximately \$17,350. Liggett has a single-source supply agreement for reduced ignition propensity cigarette paper through 2022.

Net (losses) gains recognized on debt securities available for sale	\$ (29)	\$ 22	\$ 36	\$ (1)
Impairment expense	\$ (7)	\$ (22)	\$ (65)	\$ (4)

Although management generally does not have the intent to sell any specific securities at the end of the period, in the ordinary course of managing the Company's investment securities portfolio, management may sell securities prior to their maturities for a variety of reasons, including diversification, credit quality, yield and liquidity requirements.

**(b) PropTech Investments:**

New Valley, through its subsidiary New Valley Ventures LLC ("New Valley Ventures"), is actively seeking to capitalize on its real estate knowledge and experience by investing in PropTech ventures that will both supplement and enhance the technology-based experience of Douglas Elliman's agents and the general real estate industry as well as improve the operating efficiency of New Valley. During 2021, New Valley Ventures invested \$2,500 into convertible notes of four PropTech ventures. The securities are classified as trading debt securities and are accounted for at fair value. The maturities of the notes are between February 2023 and March 2023. New Valley Ventures invested \$1,177 into three PropTech funds that are measured at fair value using the NAV practical expedient. During 2021, New Valley Ventures invested \$3,225 into six PropTech ventures that are equity securities without readily determinable fair values.

	September 30, 2021	December 31, 2020
PropTech convertible trading debt securities	\$ 2,208	\$ —
PropTech investments at fair value <sup>(1)</sup>	1,358	514
PropTech investments at cost	3,563	—
	\$ 7,129	\$ 514

<sup>(1)</sup> Included in Long-term investment securities at fair value.

**(c) Equity Securities at Fair Value:**

The following is a summary of unrealized and realized net losses and gains recognized in net income on equity securities at fair value during the three and nine months ended September 30, 2021 and 2020, respectively:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2021	2020	2021	2020
Net (losses) gains recognized on equity securities	\$ (1,578)	\$ 2,516	\$ 9,352	\$ (4,511)
Less: Net gains (losses) recognized on equity securities sold	2,095	(2)	6,318	(1)
Net unrealized (losses) gains recognized on equity securities still held at the reporting date	\$ (3,673)	\$ 2,518	\$ 3,034	\$ (4,412)

The Company's mutual funds invested in debt securities are classified as Level 1 under the fair value hierarchy disclosed in Note 12. Their fair values are based on quoted prices for identical assets in active markets or inputs that are based upon quoted

**VECTOR GROUP LTD.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (Continued)**

**(Dollars in Thousands, Except Per Share Amounts)**  
**Unaudited**

prices for similar instruments in active markets. The Company has unfunded commitments of \$1,474 related to long-term investment securities at fair value as of September 30, 2021.

The Company received cash distributions of \$8,509 and \$30,358 related to its long-term investment securities at fair value for the nine months ended September 30, 2021 and 2020, respectively. The Company classified \$8,509 and \$30,255 of these distributions as investing cash inflows for the nine months ended September 30, 2021 and 2020, respectively.

**(d) Equity-Method Investments:**

Equity-method investments consisted of the following:

	September 30, 2021	December 31, 2020
Mutual fund and hedge funds	\$ 19,872	\$ 18,310

At September 30, 2021, the Company's ownership percentages in the mutual fund and hedge funds accounted for under the equity method ranged from 6.62% to 37.78%. The Company's ownership percentage in these investments meets the threshold for equity-method accounting.

On February 14, 2020, the Company received proceeds of \$53,169 in exchange for the Company's 15,191,205 common shares of Ladenburg Thalmann Financial Services Inc. ("LTS"). The Company also tendered 240,000 shares of LTS 8% Series A Cumulative Redeemable Preferred Stock (Liquidation Preference \$25.00 Per Share) for redemption and received an additional \$6,009 in March 2020. At the closing of the transaction, the Company's Executive Vice President and Chief Operating Officer resigned as Chairman, President and Chief Executive Officer of LTS, and the Company's management agreement with LTS was terminated.

Equity in earnings from investments were:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2021	2020	2021	2020
Mutual fund and hedge funds	\$ 44	\$ 1,468	\$ 1,562	\$ 775
LTS	—	372	—	53,424
Equity in earnings from investments	\$ 44	\$ 1,840	\$ 1,562	\$ 54,199

The Company received cash distributions of \$53,528 (including the \$53,169 received by the Company in exchange for the Company's 15,191,205 common shares of LTS) from the Company's equity-method investments for the nine months ended September 30, 2020. The Company classified these cash distributions as operating activities on the condensed consolidated statements of cash flows for the nine months ended September 30, 2020.

**(e) Equity Securities Without Readily Determinable Fair Values That Do Not Qualify for the NAV Practical Expedient**

Equity securities without readily determinable fair values that do not qualify for the NAV practical expedient consisted of investments in various limited liability companies at September 30, 2021 and December 31, 2020, respectively. The total carrying value of these investments was \$8,764 as of September 30, 2021 and \$5,200 as of December 31, 2020, and was included in "Other assets" on the condensed consolidated balance sheets. No impairment or other adjustments related to observable price changes in orderly transactions for identical or similar investments were identified for the three and nine months ended September 30, 2021 and 2020, respectively.

All other U.S. areas	200	(519)	473	(534)
	200	264	(2,118)	476
<b>Other:</b>	(163)	(177)	(563)	(139)
Equity in (losses) earnings from real estate ventures	<u>\$ (5,869)</u>	<u>\$ (8,536)</u>	<u>\$ 12,405</u>	<u>\$ (27,301)</u>

As part of the Company's ongoing assessment of the carrying values of its investments in real estate ventures, the Company determined that the fair value of one of its New York City SMSA Commercial ventures was less than its carrying value as of September 30, 2021. The Company determined that the impairment was other than temporary. The Company recorded impairment charges as a component of equity in losses from real estate ventures of \$2,713 for the nine months ended September 30, 2021.

As part of the Company's ongoing assessment of the carrying values of its investments in real estate ventures, the Company determined that the fair value of three of its New York City SMSA Condominium and Mixed Use Development ventures were less than each of its respective carrying value as of September 30, 2020. The Company determined that the impairment was other than temporary. The Company recorded impairment charges as a component of equity in losses from real estate ventures of \$6,617 and \$10,401 for the three and nine months ended September 30, 2020.

*VIE Consideration:*

The Company has determined that New Valley is the primary beneficiary of one real estate venture because it controls the activities that most significantly impact the economic performance of the real estate venture. Consequently, New Valley consolidates this variable interest entity ("VIE").

The carrying amount of the consolidated assets of the VIE was \$0 at both September 30, 2021 and December 31, 2020. Those assets are owned by the VIE, not the Company. The consolidated VIE had no recourse liabilities as of September 30, 2021 and December 31, 2020. A VIE's assets can only be used to settle the obligations of that VIE. The VIE is not a guarantor of the Company's senior notes and other debts payable.

For the remaining investments in real estate ventures, New Valley determined that the entities were VIEs but New Valley was not the primary beneficiary. Therefore, New Valley's investment in such real estate ventures has been accounted for under the equity method of accounting.

**VECTOR GROUP LTD.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (Continued)**

**(Dollars in Thousands, Except Per Share Amounts)**  
**Unaudited**

*Maximum Exposure to Loss:*

New Valley's maximum exposure to loss from its investments in real estate ventures consisted of the net carrying value of the venture adjusted for any future capital commitments and/or guarantee arrangements. The maximum exposure to loss was as follows:

	<b>September 30, 2021</b>
<b>Condominium and Mixed Use Development:</b>	
New York City SMSA	\$ 23,390
All other U.S. areas	36,315
	59,705
<b>Hotels:</b>	
New York City SMSA	1,868
International	1,633
	3,501
<b>Commercial:</b>	
All other U.S. areas	7,055
	7,055
<b>Other</b>	3,938
<b>Total maximum exposure to loss</b>	<b>\$ 74,199</b>

New Valley capitalized \$614 and \$1,636 of interest costs into the carrying value of its ventures whose projects were currently under development for the three and nine months ended September 30, 2021, respectively. New Valley capitalized \$932 and \$3,188 of interest costs into the carrying value of its ventures whose projects were currently under development for the three and nine months ended September 30, 2020, respectively.

Douglas Elliman has been engaged by the developers as the sole broker or the co-broker for several of the real estate development projects that New Valley owns an interest in through its real estate venture investments. Douglas Elliman had gross commissions of approximately \$7,493 and \$8,829 from these projects for the nine months ended September 30, 2021 and 2020, respectively.

5.75% Senior Secured Notes due 2029 — Vector:

On January 28, 2021, the Company completed the sale of \$875,000 in aggregate principal amount of its 5.75% Senior Secured Notes due 2029 (“5.75% Senior Secured Notes”) to qualified institutional buyers and non-U.S. persons in a private offering pursuant to the exemptions from the registration requirements of the Securities Act contained in Rule 144A and Regulation S under the Securities Act. The aggregate net cash proceeds from the sale of the 5.75% Senior Secured Notes were approximately \$855,500 after deducting the initial purchaser’s discount and estimated expenses and fees payable by the

**(Dollars in Thousands, Except Per Share Amounts)**  
**Unaudited**

Company in connection with the offering. The Company used the net cash proceeds from the 5.75% Senior Secured Notes offering, together with cash on hand, to redeem all of the Company's outstanding 6.125% Senior Secured Notes due 2025, including accrued interest and premium thereon, and to pay fees and expenses in connection with the offering of the 5.75% Senior Secured Notes and the redemption of the 6.125% Secured Notes due 2025.

The 5.75% Senior Secured Notes pay interest on a semi-annual basis at a rate of 5.75% per year and mature on the earlier of February 1, 2029 and the date that is 91 days before November 1, 2026, the final stated maturity date of the 10.5% Senior Notes due 2026 ("10.5% Senior Notes") if such 10.5% Senior Notes have not been repurchased and cancelled or refinanced by such date.

The 5.75% Senior Secured Notes are fully and unconditionally guaranteed, subject to certain customary automatic release provisions, on a joint and several basis by all of the wholly-owned domestic subsidiaries of the Company that are engaged in the conduct of the Company's cigarette businesses, which subsidiaries, as of the issuance date of the 5.75% Senior Secured Notes were also guarantors under the Company's outstanding 10.5% Senior Notes. The 5.75% Senior Secured Notes are not guaranteed by New Valley LLC, or any of the Company's subsidiaries engaged in the Company's real estate business conducted through its subsidiary, New Valley LLC. The guarantees provided by certain of the guarantors are secured by first priority or second priority security interests in certain collateral of such guarantors pursuant to security and pledge agreements, subject to certain permitted liens and exceptions as further described in the indenture and the security documents relating thereto. The Company does not provide any security for the 5.75% Senior Secured Notes.

As of September 30, 2021, the Company was in compliance with all debt covenants.

**6.125% Senior Secured Notes due 2025 — Vector:**

On February 1, 2021, the 6.125% Senior Secured Notes due 2025 were redeemed in full and the Company recorded a loss on the extinguishment of debt of \$21,362 for the nine months ended September 30, 2021, including \$13,014 of premium and \$8,348 of other costs and non-cash interest expense related to the recognition of previously unamortized deferred finance costs.

**10.5% Senior Notes due 2026 — Vector:**

As of September 30, 2021, the Company was in compliance with all debt covenants related to its 10.5% Senior Notes due 2026.

**Revolving Credit Agreement — Liggett:**

On March 22, 2021, Liggett, 100 Maple LLC ("Maple") and Vector Tobacco entered into Amendment No. 4 and Joinder to Third Amended and Restated Credit Agreement (the "Credit Agreement") with Wells Fargo Bank, National Association, as agent and lender.

The existing credit agreement was amended to, among other things, (i) add Vector Tobacco as a borrower under the Credit Agreement, (ii) extend the maturity of the Credit Agreement to March 22, 2026, and (iii) increase the amount of the maximum credit line thereunder from \$60,000 to \$90,000.

As of September 30, 2021, there was no outstanding balance due under the Credit Agreement. Availability, as determined under the Credit Agreement, was approximately \$81,200 based on eligible collateral at September 30, 2021. As of September 30, 2021, Liggett, Maple, and Vector Tobacco were in compliance with all debt covenants under the Credit Agreement.

**Other:**

Other notes payable consist primarily of \$15,625 of notes payable issued by New Valley as part of the acquisition of the remaining 29.41% interest in Douglas Elliman in December 2018. Interest on the outstanding principal balance of the notes accrues at the then-current mid-term applicable federal rate. Principal and interest is payable in installments through October 1, 2022. \$14,375 of principal has been repaid through September 30, 2021 and the remaining principal is due to be repaid as follows: (1) \$3,125 in 2021; and (2) \$12,500 in 2022.

Notes payable and long-term debt are carried on the condensed consolidated balance sheets at amortized cost. The fair value determinations disclosed above are classified as Level 2 under the fair value hierarchy disclosed in Note 12 if such liabilities were recorded on the condensed consolidated balance sheets at fair value. The estimated fair value of the Company's notes payable and long-term debt has been determined by the Company using available market information and appropriate valuation methodologies including the evaluation of the Company's credit risk. The Company used a derived price based upon quoted market prices and trade activity as of September 30, 2021 to determine the fair value of its publicly-traded notes and debentures. The carrying value of the revolving credit facility is equal to fair value. The fair value of the equipment loans and other obligations was determined by calculating the present value of the required future cash flows. However, considerable judgment is required to develop the estimates of fair value and, accordingly, the estimate presented herein is not necessarily indicative of the amount that could be realized in a current market exchange.

## 9. CONTINGENCIES

### Tobacco-Related Litigation:

*Overview.* Since 1954, Liggett and other United States cigarette manufacturers have been named as defendants in numerous direct, third-party and purported class actions predicated on the theory that cigarette manufacturers should be liable for damages alleged to have been caused by cigarette smoking or by exposure to secondary smoke from cigarettes. The cases have generally fallen into the following categories: (i) smoking and health cases alleging personal injury brought on behalf of individual plaintiffs (“Individual Actions”); (ii) lawsuits by individuals requesting the benefit of the *Engle* ruling (“*Engle* progeny cases”); (iii) smoking and health cases primarily alleging personal injury or seeking court-supervised programs for ongoing medical monitoring, as well as cases alleging that use of the terms “lights” and/or “ultra lights” constitutes a deceptive and unfair trade practice, common law fraud or violation of federal law, purporting to be brought on behalf of a class of individual plaintiffs (“Class Actions”); and (iv) health care cost recovery actions brought by various foreign and domestic governmental plaintiffs and non-governmental plaintiffs seeking reimbursement for health care expenditures allegedly caused by cigarette smoking and/or disgorgement of profits (“Health Care Cost Recovery Actions”). The future financial impact of the risks and expenses of litigation are not quantifiable. For the nine months ended September 30, 2021 and 2020, Liggett incurred tobacco product liability legal expenses and costs totaling \$4,622 and \$4,684 respectively. Legal defense costs are expensed as incurred.

Litigation is subject to uncertainty and it is possible that there could be adverse developments in pending cases. With the commencement of new cases, the defense costs and the risks relating to the unpredictability of litigation increase. Management reviews on a quarterly basis with counsel all pending litigation and evaluates the probability of a loss being incurred and whether an estimate can be made of the possible loss or range of loss that could result from an unfavorable outcome. An unfavorable outcome or settlement of pending tobacco-related litigation could encourage the commencement of additional litigation. Damages awarded in tobacco-related litigation can be significant.

*Bonds.* Although Liggett has been able to obtain required bonds or relief from bonding requirements in order to prevent plaintiffs from seeking to collect judgments while adverse verdicts are on appeal, there remains a risk that such relief may not be obtainable in all cases. This risk has been reduced given that a majority of states now limit the dollar amount of bonds or require no bond at all. As of September 30, 2021, Liggett had no outstanding bonds.

In June 2009, Florida amended its existing bond cap statute by adding a \$200,000 bond cap that applies to all *Engle* progeny cases in the aggregate and establishes individual bond caps for individual *Engle* progeny cases in amounts that vary depending on the number of judgments in effect at a given time. The maximum amount of any such bond for an appeal in the Florida state courts will be no greater than \$5,000. In several cases, plaintiffs challenged the constitutionality of the bond cap statute, but to date the courts have upheld the constitutionality of the statute. It is possible that the Company’s consolidated financial position, results of operations, and cash flows could be materially adversely affected by an unfavorable outcome of such challenges.

*Accounting Policy.* The Company and its subsidiaries record provisions in their consolidated financial statements for pending litigation when they determine that an unfavorable outcome is probable and the amount of loss can be reasonably estimated. At the present time, while it is reasonably possible that an unfavorable outcome in a case may occur, except as discussed in this Note 9: (i) management has concluded that it is not probable that a loss has been incurred in any of the pending tobacco-related cases; or (ii) management is unable to reasonably estimate the possible loss or range of loss that could result from an unfavorable outcome of any of the pending tobacco-related cases and, therefore, management has not provided any amounts in the condensed consolidated financial statements for unfavorable outcomes, if any.

Although Liggett has generally been successful in managing the litigation filed against it, litigation is subject to uncertainty and significant challenges remain, including with respect to the remaining *Engle* progeny cases. There can be no assurances that Liggett’s past litigation experience will be representative of future results. Judgments have been entered against Liggett in the past, in Individual Actions and *Engle* progeny cases, and several of those judgments were affirmed on appeal and satisfied by Liggett. It is possible that the consolidated financial position, results of operations and cash flows of the Company could be materially adversely affected by an unfavorable outcome or settlement of any of the remaining smoking-related litigation. Liggett believes, and has been so advised by counsel, that it has valid defenses to the litigation pending against it, as well as valid bases for appeal of adverse verdicts. All such cases are and will continue to be vigorously defended. Liggett has entered into settlement discussions in individual cases or groups of cases where Liggett has determined it was in its best interest to do so, and it may continue to do so in the future. As cases proceed through the appellate process, the Company will consider accruals on a case-by-case basis if an unfavorable outcome becomes probable and the amount can be reasonably estimated.

(Dollars in Thousands, Except Per Share Amounts)  
Unaudited

*Individual Actions*

As of September 30, 2021, there were 81 Individual Actions pending against Liggett, where one or more individual plaintiffs allege injury resulting from cigarette smoking, addiction to cigarette smoking or exposure to secondary smoke and seek compensatory and, in some cases, punitive damages. These cases do not include the remaining *Engle* progeny cases. The following table lists the number of Individual Actions by state:

State	Number of Cases
Florida	48
Illinois	17
Nevada	7
New Mexico	5
Louisiana	2
Hawaii	1
Massachusetts	1

The plaintiffs' allegations of liability in cases in which individuals seek recovery for injuries allegedly caused by cigarette smoking are based on various theories of recovery, including negligence, gross negligence, breach of special duty, strict liability, fraud, concealment, misrepresentation, design defect, failure to warn, breach of express and implied warranties, conspiracy, aiding and abetting, concert of action, unjust enrichment, common law public nuisance, property damage, invasion of privacy, mental anguish, emotional distress, disability, shock, indemnity, violations of deceptive trade practice laws, the federal Racketeer Influenced and Corrupt Organizations Act ("RICO"), state RICO statutes and antitrust statutes. In many of these cases, in addition to compensatory damages, plaintiffs also seek other forms of relief including treble/multiple damages, medical monitoring, disgorgement of profits and punitive damages. Although alleged damages often are not determinable from a complaint, and the law governing the pleading and calculation of damages varies from state to state and jurisdiction to jurisdiction, compensatory and punitive damages have been specifically pleaded in a number of cases, sometimes in amounts ranging into the hundreds of millions and even billions of dollars.

Defenses raised in Individual Actions include lack of proximate cause, assumption of the risk, comparative fault and/or contributory negligence, lack of design defect, statute of limitations, statute of repose, equitable defenses such as "unclean hands" and lack of benefit, failure to state a claim and federal preemption.

*Engle Progeny Cases*

In May 1994, the *Engle* case was filed as a class action against Liggett and others in Miami-Dade County, Florida. The class consisted of all Florida residents who, by November 21, 1996, "have suffered, presently suffer or have died from diseases and medical conditions caused by their addiction to cigarette smoking." A trial was held and the jury returned a verdict adverse to the defendants (approximately \$145,000,000 in punitive damages, including \$790,000 against Liggett). Following an appeal to the Third District Court of Appeal, the Florida Supreme Court in July 2006 decertified the class on a prospective basis and affirmed the appellate court's reversal of the punitive damages award. Former class members had until January 2008 to file individual lawsuits. As a result, Liggett and the Company, and other cigarette manufacturers, were sued in thousands of *Engle* progeny cases in both federal and state courts in Florida. Although the Company was not named as a defendant in the *Engle* case, it was named as a defendant in substantially all of the *Engle* progeny cases where Liggett was named as a defendant.

*Cautionary Statement About Engle Progeny Cases.* Since 2009, judgments have been entered against Liggett and other cigarette manufacturers in *Engle* progeny cases. A number of the judgments were affirmed on appeal and satisfied by the defendants. Many were overturned on appeal. As of September 30, 2021, 25 *Engle* progeny cases where Liggett was a defendant at trial resulted in verdicts.

There have been 16 verdicts returned in favor of the plaintiffs and nine in favor of Liggett. In five of the cases, punitive damages were awarded against Liggett. Several of the adverse verdicts were overturned on appeal and new trials were ordered. In certain cases, the judgments were entered jointly and severally with other defendants and Liggett may face the risk that one or more co-defendants decline or otherwise fail to participate in the bonding required for an appeal or to pay their proportionate or jury-allocated share of a judgment. As a result, under certain circumstances, Liggett may have to pay more than its proportionate share of any bonding or judgment related amounts. Except as discussed in this Note 9, management is unable to

(Dollars in Thousands, Except Per Share Amounts)  
Unaudited

estimate the possible loss or range of loss from the remaining *Engle* progeny cases as there are currently multiple defendants in each case and, in most cases, discovery has not occurred or is limited. As a result, the Company lacks information about whether plaintiffs are in fact *Engle* class members, the relevant smoking history, the nature of the alleged injury and the availability of various defenses, among other things. Further, plaintiffs typically do not specify the amount of their demand for damages. As cases proceed through the appellate process, the Company will consider accruals on a case-by-case basis if an unfavorable outcome becomes probable and the amount can be reasonably estimated.

*Engle Progeny Settlements.*

In October 2013, the Company and Liggett entered into a settlement with approximately 4,900 *Engle* progeny plaintiffs and their counsel. Pursuant to the terms of the settlement, Liggett agreed to pay a total of approximately \$110,000, with \$61,600 paid in an initial lump sum and the balance to be paid in installments over 14 years starting in February 2015. The Company's future payments will be approximately \$3,400 per annum through 2028, with a cost of living increase beginning in 2021. In exchange, the claims of these plaintiffs were dismissed with prejudice against the Company and Liggett.

Liggett subsequently entered into two separate settlement agreements with a total of 152 *Engle* progeny plaintiffs where Liggett paid a total of \$23,150. On an individual basis, Liggett settled an additional 203 *Engle* progeny cases for approximately \$8,100 in the aggregate.

Notwithstanding the comprehensive nature of the *Engle* progeny settlements, 38 plaintiffs' claims remain pending in state court. Therefore, the Company and Liggett may still be subject to periodic adverse judgments which could have a material adverse effect on the Company's consolidated financial position, results of operations and cash flows.

*Judgments Paid in Engle Progeny Cases.*

As of September 30, 2021, Liggett had paid in the aggregate \$40,111, including interest and attorneys' fees, to satisfy the judgments in the following *Engle* progeny cases: *Lukacs, Campbell, Douglas, Clay, Tullo, Ward, Rizzuto, Lambert, Buchanan, and Santoro.*

*Maryland Cases*

Liggett was a defendant in 16 multi-defendant personal injury cases in Maryland alleging claims arising from asbestos and tobacco exposure ("synergy cases"). In July 2016, the Court of Appeals (Maryland's highest court) ruled that joinder of tobacco and asbestos cases may be possible in certain circumstances, but plaintiffs must demonstrate at the trial court level how such cases may be joined while providing appropriate safeguards to prevent embarrassment, delay, expense or prejudice to defendants and "the extent to which, if at all, the special procedures applicable to asbestos cases should extend to tobacco companies." The Court of Appeals remanded these issues to be determined at the trial court level. In June 2017, the trial court issued an order dismissing all synergy cases against the tobacco defendants, including Liggett, without prejudice. Plaintiffs may seek appellate review or file new cases against the tobacco companies.

*Liggett Only Cases*

There are currently four cases where Liggett is the sole defendant: *Cowart* is an Individual Action and *Tumin, Forbing, and Jones* are *Engle* progeny cases. It is possible that cases where Liggett is the only defendant could increase as a result of the remaining *Engle* progeny cases and newly filed Individual Actions.

*Upcoming Trials*

As of September 30, 2021, there were three *Engle* progeny cases (*Alvarez, Liles, and O'Rourke*) and ten Individual Actions (*Baron, Camacho, Clark, Cupp, Feld, Geist, Lane, Nicholson, Mendez and Tully*) scheduled for trial through September 30, 2022, where Liggett is a named defendant. Trial dates are subject to change and additional cases could be set for trial during this time.

*Class Actions*

As of September 30, 2021, two actions were pending for which either a class had been certified or plaintiffs were seeking class certification where Liggett is a named defendant. Other cigarette manufacturers are also named in these two cases.

Plaintiffs' allegations of liability in class action cases are based on various theories of recovery, including negligence, gross negligence, strict liability, fraud, misrepresentation, design defect, failure to warn, nuisance, breach of express and implied warranties, breach of special duty, conspiracy, concert of action, violation of deceptive trade practice laws and consumer protection statutes and claims under the federal and state anti-racketeering statutes. Plaintiffs in the class actions seek various forms of relief, including compensatory and punitive damages, treble/multiple damages and other statutory damages

(Dollars in Thousands, Except Per Share Amounts)  
Unaudited

and penalties, creation of medical monitoring and smoking cessation funds, disgorgement of profits, and injunctive and equitable relief.

Defenses raised in these cases include, among others, lack of proximate cause, individual issues predominate, assumption of the risk, comparative fault and/or contributory negligence, statute of limitations and federal preemption.

In November 1997, in *Young v. American Tobacco Co.*, a purported personal injury class action was commenced on behalf of plaintiff and all similarly situated residents in Louisiana who, though not themselves cigarette smokers, allege they were exposed to secondhand smoke from cigarettes that were manufactured by the defendants, including Liggett, and suffered injury as a result of that exposure. The plaintiffs seek to recover an unspecified amount of compensatory and punitive damages. No class certification hearing has been held. A stay order entered on March 16, 2016 stays the case pending completion of the smoking cessation program ordered by the court in *Scott v. The American Tobacco Co.*

In February 1998, in *Parsons v. AC & S Inc.*, a purported class action was commenced on behalf of all West Virginia residents who allegedly have claims arising from their exposure to cigarette smoke and asbestos fibers. The operative complaint seeks to recover unspecified compensatory and punitive damages on behalf of the putative class. The case is stayed as a result of the December 2000 bankruptcy of three of the defendants.

*Health Care Cost Recovery Actions*

As of September 30, 2021, one Health Care Cost Recovery Action was pending against Liggett, *Crow Creek Sioux Tribe v. American Tobacco Company*, a South Dakota case filed in 1997, where the plaintiff seeks to recover damages from Liggett and other cigarette manufacturers based on various theories of recovery as a result of alleged sales of tobacco products to minors. The case is dormant.

The claims asserted in health care cost recovery actions vary, but can include the equitable claim of indemnity, common law claims of negligence, strict liability, breach of express and implied warranty, breach of special duty, fraud, negligent misrepresentation, conspiracy, public nuisance, claims under state and federal statutes governing consumer fraud, antitrust, deceptive trade practices and false advertising, and claims under RICO. Although no specific damage amounts are typically pleaded, it is possible that requested damages might be in the billions of dollars. In these cases, plaintiffs typically assert equitable claims that the tobacco industry was “unjustly enriched” by their payment of health care costs allegedly attributable to smoking and seek reimbursement of those costs. Relief sought by some, but not all, plaintiffs include punitive damages, multiple damages and other statutory damages and penalties, injunctions prohibiting alleged marketing and sales to minors, disclosure of research, disgorgement of profits, funding of anti-smoking programs, additional disclosure of nicotine yields, and payment of attorney and expert witness fees.

*Department of Justice Lawsuit*

In September 1999, the United States government commenced litigation against Liggett and other cigarette manufacturers in the United States District Court for the District of Columbia. The action sought to recover, among other things, an unspecified amount of health care costs paid and to be paid by the federal government for smoking-related illnesses allegedly caused by the fraudulent and tortious conduct of defendants. In August 2006, the trial court entered a Final Judgment against each of the cigarette manufacturing defendants, except Liggett. The judgment was affirmed on appeal. As a result, the cigarette manufacturing defendants, other than Liggett, are now subject to the trial court’s Final Judgment which ordered, among other things, the issuance of “corrective statements” in various media regarding the adverse health effects of smoking, the addictiveness of smoking and nicotine, the lack of any significant health benefit from smoking “low tar” or “lights” cigarettes, defendants’ manipulation of cigarette design to ensure optimum nicotine delivery and the adverse health effects of exposure to environmental tobacco smoke.

*MSA and Other State Settlement Agreements*

In March 1996, March 1997 and March 1998, Liggett entered into settlements of smoking-related litigation with 45 states and territories. The settlements released Liggett from all smoking-related claims made by those states and territories, including claims for health care cost reimbursement and claims concerning sales of cigarettes to minors.

In November 1998, Philip Morris, R.J. Reynolds and two other companies (the “Original Participating Manufacturers” or “OPMs”) and Liggett and Vector Tobacco (together with any other tobacco product manufacturer that becomes a signatory, the “Subsequent Participating Manufacturers” or “SPMs”) (the OPMs and SPMs are hereinafter referred to jointly as “PMs”) entered into the Master Settlement Agreement (the “MSA”) with 46 states, the District of Columbia, Puerto Rico, Guam, the United States Virgin Islands, American Samoa and the Northern Mariana Islands (collectively, the “Settling States”) to settle

(Dollars in Thousands, Except Per Share Amounts)  
Unaudited

the asserted and unasserted health care cost recovery and certain other claims of the Settling States. The MSA received final judicial approval in each Settling State.

As a result of the MSA, the Settling States released Liggett and Vector Tobacco from:

- all claims of the Settling States and their respective political subdivisions and other recipients of state health care funds, relating to: (i) past conduct arising out of the use, sale, distribution, manufacture, development, advertising and marketing of tobacco products; (ii) the health effects of, the exposure to, or research, statements or warnings about, tobacco products; and
- all monetary claims of the Settling States and their respective subdivisions and other recipients of state health care funds relating to future conduct arising out of the use of, or exposure to, tobacco products that have been manufactured in the ordinary course of business.

The MSA restricts tobacco product advertising and marketing within the Settling States and otherwise restricts the activities of PMs. Among other things, the MSA prohibits the targeting of youth in the advertising, promotion or marketing of tobacco products; bans the use of cartoon characters in all tobacco advertising and promotion; limits each PM to one tobacco brand name sponsorship during any 12-month period; bans all outdoor advertising, with certain limited exceptions; prohibits payments for tobacco product placement in various media; bans gift offers based on the purchase of tobacco products without sufficient proof that the intended recipient is an adult; prohibits PMs from licensing third parties to advertise tobacco brand names in any manner prohibited under the MSA; and prohibits PMs from using as a tobacco product brand name any nationally recognized non-tobacco brand or trade name or the names of sports teams, entertainment groups or individual celebrities.

The MSA also requires PMs to affirm corporate principles to comply with the MSA and to reduce underage use of tobacco products and imposes restrictions on lobbying activities conducted on behalf of PMs. In addition, the MSA provides for the appointment of an independent auditor to calculate and determine the amounts of payments owed pursuant to the MSA.

Under the payment provisions of the MSA, PMs are required to make annual payments of \$9,000,000 (subject to applicable adjustments, offsets and reductions including a “Non-Participating Manufacturers Adjustment” or “NPM Adjustment”). These annual payments are allocated based on unit volume of domestic cigarette shipments. The payment obligations under the MSA are the several, and not joint, obligation of each PM and are not the responsibility of any parent or affiliate of a PM.

Liggett has no payment obligations under the MSA except to the extent its market share exceeds a market share exemption of approximately 1.65% of total cigarettes sold in the United States. Vector Tobacco has no payment obligations under the MSA except to the extent its market share exceeds a market share exemption of approximately 0.28% of total cigarettes sold in the United States. Liggett and Vector Tobacco’s domestic shipments accounted for approximately 4.1% of the total cigarettes sold in the United States in 2020. If Liggett’s or Vector Tobacco’s market share exceeds their respective market share exemption in a given year, then on April 15 of the following year, Liggett and/or Vector Tobacco, as the case may be, must pay on each excess unit an amount equal (on a per-unit basis) to that due from the OPMs for that year. On December 30, 2020, Liggett and Vector Tobacco pre-paid \$143,000 of their approximate \$178,000 2020 MSA obligation, the balance of which was paid in April 2021, subject to applicable disputes or adjustments.

*Certain MSA Disputes*

*NPM Adjustment.* Liggett and Vector Tobacco contend that they are entitled to an NPM Adjustment for each year from 2003 - 2020. The NPM Adjustment is a potential adjustment to annual MSA payments, available when PMs suffer a market share loss to NPMs for a particular year and an economic consulting firm selected pursuant to the MSA determines (or the parties agree) that the MSA was a “significant factor contributing to” that loss. A Settling State that has “diligently enforced” its qualifying escrow statute in the year in question may be able to avoid its allocable share of the NPM Adjustment. For 2003 - 2020, Liggett and Vector Tobacco, as applicable, disputed that they owed the Settling States the NPM Adjustments as calculated by the independent auditor. As permitted by the MSA, Liggett and Vector Tobacco either paid subject to dispute, withheld payment, or paid into a disputed payment account, the amounts associated with these NPM Adjustments.

In June 2010, after the PMs prevailed in 48 of 49 motions to compel arbitration, the parties commenced the arbitration for the 2003 NPM Adjustment. That arbitration concluded in September 2013. It was followed by various challenges filed in state courts by states that did not prevail in the arbitration. Those challenges resulted in reductions, but not elimination of, the amounts awarded.

(Dollars in Thousands, Except Per Share Amounts)  
Unaudited

The PMs settled most of the disputed NPM Adjustment years with 37 states representing approximately 75% of the MSA share for 2003 - 2022. The 2004 NPM Adjustment arbitration commenced in 2016, with the arbitration panel issuing interim decisions on most individual states in September 2021, finding two of them liable for the NPM Adjustment; the final individual state hearing scheduled to occur in February 2022; and a second phase addressing the effect of the settlements on recovery of the NPM Adjustment to start thereafter. The parties have selected an arbitration panel to address the NPM Adjustments for 2005-2007, and are engaged in discovery, with a common hearing set for July 2022 and individual state hearings likely to start in the third quarter of 2022.

As a result of the settlement and arbitration award described above, Liggett and Vector Tobacco reduced cost of sales for years 2013 - 2020 by \$54,382 and by \$5,932 for the nine months ended September 30, 2021. Liggett and Vector Tobacco may be entitled to further adjustments. As of September 30, 2021, Liggett and Vector Tobacco had accrued approximately \$13,200 related to the disputed amounts withheld from the non-settling states for 2004 - 2010, which may be subject to payment, with interest, if Liggett and Vector Tobacco lose the disputes for those years. As of September 30, 2021, there remains approximately \$49,800 in the disputed payments account relating to Liggett and Vector Tobacco's 2011 - 2020 NPM Adjustment disputes with the non-settling states. If Liggett and Vector Tobacco lose the disputes for all or any of those years, pursuant to the MSA, no interest would be due on the amounts paid into the disputed payment account.

*Other State Settlements.* The MSA replaced Liggett's prior settlements with all states and territories except for Florida, Mississippi, Texas and Minnesota. Each of these four states, prior to the effective date of the MSA, negotiated and executed settlement agreements with each of the other major tobacco companies, separate from those settlements reached previously with Liggett. Except as described below, Liggett's agreements with these states remain in full force and effect. These states' settlement agreements with Liggett contained most favored nation provisions which could reduce Liggett's payment obligations based on subsequent settlements or resolutions by those states with certain other tobacco companies. Beginning in 1999, Liggett determined that, based on settlements or resolutions with United States Tobacco Company, Liggett's payment obligations to those four states were eliminated. With respect to all non-economic obligations under the previous settlements, Liggett believes it is entitled to the most favorable provisions as between the MSA and each state's respective settlement with the other major tobacco companies. Therefore, Liggett's non-economic obligations to all states and territories are now defined by the MSA.

In 2003, as a result of a dispute with Minnesota regarding its settlement agreement, Liggett agreed to pay \$100 a year in any year cigarettes manufactured by Liggett are sold in that state. Further, the Attorneys General for Florida, Mississippi and Texas advised Liggett that they believed Liggett had failed to make payments under the respective settlement agreements with those states. In 2010, Liggett settled with Florida and agreed to pay \$1,200 and to make further annual payments of \$250 for a period of 21 years, starting in March 2011, with the payments from year 12 forward being subject to an inflation adjustment.

In January 2016, the Attorney General for Mississippi filed a motion in Chancery Court in Jackson County, Mississippi to enforce the March 1996 settlement agreement among Liggett, Mississippi and other states (the "1996 Agreement") alleging that Liggett owes Mississippi at least \$27,000 in compensatory damages and interest. In April 2017, the Chancery Court ruled, over Liggett's objections, that the 1996 Agreement should be enforced as Mississippi claims and referred the matter first to arbitration and then to a Special Master for further proceedings to determine the amount of damages, if any, to be awarded. In April 2021, following confirmation of the final arbitration award, the parties stipulated that the unpaid principal (exclusive of interest) purportedly due from Liggett to Mississippi pursuant to the 1996 Agreement was approximately \$16,700, subject to Liggett's right to litigate and/or appeal the enforceability of the 1996 Agreement (and all issues other than the calculation of the principal amount allegedly due).

In September 2019, the Special Master held a hearing regarding Mississippi's claim for pre- and post-judgment interest. In August 2021, the Special Master issued a final report with proposed findings and recommendations that pre-judgment interest, in the amount of approximately \$18,800, is due from Liggett from April 2005 - August 3, 2021. Liggett filed formal objections to the final report in Mississippi Chancery Court which is scheduled for hearing on November 18, 2021. If the Mississippi Chancery Court rejects Liggett's objections and enters final judgment adopting the Special Master's findings and recommendations, additional interest amounts will accrue if the judgment is not overturned on appeal. Liggett continues to assert that the April 2017 Chancery Court order is in error because the most favored nations provision in the 1996 Agreement eliminated all of Liggett's payment obligations to Mississippi, and has reserved all rights to appeal this and other issues at the conclusion of the case. In the event Liggett appeals an adverse judgment, the posting of a bond will likely be required.

Liggett may be required to make additional payments to Mississippi and Texas which could have a material adverse effect on the Company's consolidated financial position, results of operations and cash flows.

**VECTOR GROUP LTD.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (Continued)**

**(Dollars in Thousands, Except Per Share Amounts)**  
**Unaudited**

*Cautionary Statement*

Management is not able to reasonably predict the outcome of the litigation pending or threatened against Liggett or the Company. Litigation is subject to many uncertainties. Liggett has been found liable in multiple *Engle* progeny cases and Individual Actions, several of which were affirmed on appeal and satisfied by Liggett. It is possible that other cases could be decided unfavorably against Liggett and that Liggett will be unsuccessful on appeal. Liggett may attempt to settle particular cases if it believes it is in its best interest to do so.

Management cannot predict the cash requirements related to any future defense costs, settlements or judgments, including cash required to bond any appeals, and there is a risk that Liggett may not be able to meet those requirements. An unfavorable outcome of a pending smoking-related case could encourage the commencement of additional litigation. Except as discussed in this Note 9, management is unable to estimate the loss or range of loss that could result from an unfavorable outcome of the cases pending against Liggett or the costs of defending such cases and as a result has not provided any amounts in its consolidated financial statements for unfavorable outcomes.

The tobacco industry is subject to a wide range of laws and regulations regarding the marketing, sale, taxation and use of tobacco products imposed by local, state and federal governments. There have been a number of restrictive regulatory actions, adverse legislative and political decisions and other unfavorable developments concerning cigarette smoking and the tobacco industry. These developments may negatively affect the perception of potential triers of fact with respect to the tobacco industry, possibly to the detriment of certain pending litigation, and may prompt the commencement of additional litigation or legislation.

It is possible that the Company's consolidated financial position, results of operations and cash flows could be materially adversely affected by an unfavorable outcome in any of the smoking-related litigation.

The activity in the Company's accruals for the MSA and tobacco litigation for the nine months ended September 30, 2021 was as follows:

	<i>Current Liabilities</i>			<i>Non-Current Liabilities</i>		
	<b>Payments due under Master Settlement Agreement</b>	<b>Litigation Accruals</b>	<b>Total</b>	<b>Payments due under Master Settlement Agreement</b>	<b>Litigation Accruals</b>	<b>Total</b>
Balance as of January 1, 2021	\$ 38,767	\$ 3,967	\$ 42,734	\$ 17,933	\$ 19,268	\$ 37,201

Balance as of September 30, 2020	<u>\$ 145,472</u>	<u>\$ 3,535</u>	<u>\$ 149,007</u>	<u>\$ 18,130</u>	<u>\$ 18,764</u>	<u>\$ 36,894</u>

**Other Matters:**

Liggett's and Vector Tobacco's management are unaware of any material environmental conditions affecting their existing facilities. Liggett's and Vector Tobacco's management believe that current operations are conducted in material compliance with all environmental laws and regulations and other laws and regulations governing cigarette manufacturers. Compliance with federal, state and local provisions regulating the discharge of materials into the environment, or otherwise relating to the protection of the environment, has not had a material impact on the capital expenditures, results of operations or competitive position of Liggett or Vector Tobacco.

Liggett and the Company have received three separate demands for indemnification from Altria Client Services, on behalf of Philip Morris, relating to lawsuits alleging smokers' use of L&M cigarettes. The indemnification demands are purportedly issued in connection with Eve Holdings' 1999 sale of certain trademarks to Philip Morris.

In addition to the foregoing, Douglas Elliman and certain of its subsidiaries are subject to numerous proceedings, lawsuits and claims in connection with their ordinary business activities. Many of these matters are covered by insurance or, in some cases, the company or its subsidiaries are indemnified by third parties.

Management is of the opinion that the liabilities, if any, resulting from other proceedings, lawsuits and claims pending against the Company and its consolidated subsidiaries, unrelated to tobacco product liability, should not materially affect the Company's consolidated financial position, results of operations or cash flows.

<sup>(1)</sup>The acquisition of Real Estate Associates of Houston, LLC in the third quarter of 2021, resulted in \$6,527 of the purchase price allocated to a non-compete agreement to be amortized over ten years and \$815 allocated to Goodwill.

	December 31, 2019	Acquisitions	Impairment Losses	Amortization	September 30, 2020
Goodwill	\$ 78,008	\$ —	\$ (46,252)	\$ —	\$ 31,756
Indefinite life intangibles:					
Intangible asset associated with benefit under the MSA	107,511	—	—	—	107,511
Trademark - Douglas Elliman	80,000	—	(12,000)	—	68,000
Intangibles with a finite life, net	474	—	—	(123)	351
Total goodwill and other intangible assets, net	<u>\$ 265,993</u>	<u>\$ —</u>	<u>\$ (58,252)</u>	<u>\$ (123)</u>	<u>\$ 207,618</u>

Goodwill is evaluated for impairment annually or whenever the Company identifies certain triggering events or circumstances that would more likely than not reduce the fair value of a reporting unit below its carrying amount. Events or circumstances that might indicate an interim evaluation is warranted include, among other things, unexpected adverse business conditions, macro and reporting unit specific economic factors (for example, interest rate and foreign exchange rate fluctuations, and loss of key personnel), supply costs, unanticipated competitive activities, and acts by governments and courts.

During the first quarter of 2020, the Company determined that a triggering event occurred related to the Douglas Elliman reporting unit due to a decline in sales and profitability projections for the reporting unit driven by the COVID-19 pandemic and related economic disruption. The Company utilized third-party valuation specialists to prepare a quantitative assessment of goodwill and trademark intangible asset related to Douglas Elliman.

For the goodwill testing, the Company utilized an income approach (a discounted cash flows method) to estimate the fair value of the Douglas Elliman business. The estimated fair value of the trademark indefinite-life intangible asset related to the Douglas Elliman brand name was determined using an approach that values the Company's cash savings from having a royalty-free license compared to the market rate it would pay for access to use the trade name.

The third-party quantitative assessments of the goodwill and trademark intangible asset reflected management's assumptions regarding revenue growth rates, economic and market trends including current expectations of deterioration resulting from the COVID-19 pandemic, changes to cost structures and other expectations about the anticipated short-term and long-term operating results of Douglas Elliman. The quantitative assessments resulted in impairment charges to goodwill of \$46,252 and to the trademark intangible asset of \$12,000.

The Company determined that there have not been any triggering events since the first quarter of 2020. If the Company fails to achieve the financial projections used in the quantitative assessments of fair value or the impacts of COVID-19 are more severe than expected, additional impairment charges could result in future periods, and such impairment charges could be material.

**(Dollars in Thousands, Except Per Share Amounts)**  
**Unaudited**

**11. INCOME TAXES**

The Company's effective income tax rate is based on expected income, statutory rates, valuation allowances against deferred tax assets, and any tax planning opportunities available to the Company. For interim financial reporting, the Company estimates the annual effective income tax rate based on full year projections and applies the annual effective income tax rate against year-to-date pretax income to record income tax expense, adjusted for discrete items, if any. The Company refines annual estimates as new information becomes available. The Company's tax rate does not bear a relationship to statutory tax rates due to permanent differences, which are primarily related to nondeductible compensation, and state taxes.

The Company's income tax expense consisted of the following:

		<b>Three Months Ended</b>		<b>Nine Months Ended</b>	
		<b>September 30,</b>		<b>September 30,</b>	
		<b>2021</b>	<b>2020</b>	<b>2021</b>	<b>2020</b>
Income before provision for income taxes	\$	72,498	55,962	249,683	88,443
Income tax expense using estimated annual effective income tax rate		22,097	16,784	76,136	26,497
Changes in effective tax rates		2,126	66	—	—
Impact of discrete items, net		(544)	973	(544)	1,264
Income tax expense	\$	<u>23,659</u>	<u>17,823</u>	<u>75,592</u>	<u>27,761</u>

The discrete items for the three and nine months ended September 30, 2021 relate to income tax expense associated with stock-based compensation. The discrete items for the three months ended September 30, 2020 relate to income tax expense associated with changes in value of certain contingent consideration and stock-based compensation. The discrete items for the nine months ended September 30, 2020 relate to income tax expense related to the equity in earnings from investments associated with the one-time gain on sale of LTS partially offset by the goodwill and trademark impairment charges, changes in value of certain contingent consideration, and stock-based compensation.

<b>Total</b>	<b>\$ 999</b>	<b>\$—</b>	<b>\$—</b>	<b>999</b>

(1) Amounts included in Cash and cash equivalents on the condensed consolidated balance sheets, except for \$10,374 that is included in current restricted assets and \$1,907 that is included in non-current restricted assets.

(2) Amounts included in current restricted assets and non-current restricted assets on the condensed consolidated balance sheets.

(3) In accordance with Subtopic 820-10, investments that are measured at fair value using the NAV practical expedient are not classified in the fair value hierarchy.

The fair value of the Level 2 certificates of deposit is based on the discounted value of contractual cash flows. The discount rate is the rate offered by the financial institution. The fair value of investment securities at fair value included in Level 1 is based on quoted market prices from various stock exchanges. The Level 2 investment securities at fair value are based on quoted market prices of securities that are thinly traded, quoted prices for identical or similar assets in markets that are not active or inputs other than quoted prices such as interest rates and yield curves.

The long-term investments are based on NAV per share provided by the partnerships based on the indicated market value of the underlying assets or investment portfolio. In accordance with Subtopic 820-10, these investments are not classified under the fair value hierarchy disclosed above because they are measured at fair value using the NAV practical expedient.

**VECTOR GROUP LTD.**

The unobservable inputs related to the valuations of the Level 3 assets and liabilities were as follows at September 30, 2021:

<b>Quantitative Information about Level 3 Fair Value Measurements</b>				
	<b>Fair Value at September 30, 2021</b>	<b>Valuation Technique</b>	<b>Unobservable Input</b>	<b>Range (Actual)</b>
PropTech convertible trading debt securities	\$ 2,208	Discounted cash flow	Interest rate	5%
			Maturity	Feb 2023 - Mar 2023
			Volatility	36.2% - 100.8%
			Discount rate	27.08% - 46.66%
Fair value of contingent liability	\$ 4,250	Monte Carlo simulation model	Estimated fair value of the Douglas Elliman reporting unit	\$ 765,886
			Risk-free rate for a 1.25-year term	0.14 %
			Leverage-adjusted equity volatility of peer firms	29.22 %

The unobservable inputs related to the valuations of the Level 3 assets and liabilities were as follows at December 31, 2020:

<b>Quantitative Information about Level 3 Fair Value Measurements</b>				
	<b>Fair Value at December 31, 2020</b>	<b>Valuation Technique</b>	<b>Unobservable Input</b>	<b>Range (Actual)</b>
Fair value of contingent liability	\$ 999	Monte Carlo simulation model	Estimated fair value of the Douglas Elliman reporting unit	\$ 169,000
			Risk-free rate for a 2-year term	0.13 %
			Leverage-adjusted equity volatility of peer firms	78.57 %

In addition to assets and liabilities that are recorded at fair value on a recurring basis, the Company is required to record assets and liabilities at fair value on a nonrecurring basis. Generally, assets and liabilities are recorded at fair value on a nonrecurring basis as a result of impairment charges. The Company had no nonrecurring nonfinancial assets subject to fair value measurements as of September 30, 2021 and December 31, 2020, respectively, except for investments in real estate ventures that were impaired as of December 31, 2020.

**VECTOR GROUP LTD.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (Continued)**

(Dollars in Thousands, Except Per Share Amounts)  
Unaudited

The Company's investments in real estate ventures subject to nonrecurring fair value measurements are as follows:

Description	Year Ended December 31, 2020  Impairment Charge	Fair Value Measurement Using:			
		Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inp (Level 3)
Assets:					
Investments in real estate ventures	\$ 16,513	\$ —	\$ —	\$ —	\$ —

The Company estimated the fair value of its investments in real estate ventures using observable inputs such as market pricing based on recent events, however, significant judgment was required to select certain inputs from observed market data. The decrease in the investments in real estate ventures was attributed to the decline in the projected sales prices and the duration of the estimated sell out of the respective real estate ventures. The \$16,513 of impairment charges were included in equity in losses from real estate ventures for the year ended December 31, 2020.

**14. SUBSEQUENT EVENT**

**The Company's Proposed Spin-off**

On November 8, 2021, the Company announced its intention to spin off its real estate services and PropTech investment business (the "Proposed Spin-off") through a pro rata distribution of all of the outstanding shares of common stock of its newly formed wholly-owned subsidiary Douglas Elliman Inc. ("Spinco") to holders of the Company's common stock (including common stock underlying outstanding stock option awards and restricted stock awards). The Proposed Spin-off is intended to be a tax-free transaction for U.S. federal income tax purposes and is expected to be completed by the end of calendar year 2021, subject to the satisfaction of customary conditions, including final approval by the Company's board of directors and the effectiveness of Spinco's registration statement on Form 10 to be filed with the SEC.

## ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

(Dollars in Thousands, Except Per Share Amounts)

Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") is designed to provide a reader of Vector Group Ltd.'s financial statements with a narrative from our management's perspective. Our MD&A is divided into the following sections:

- Overview
- Recent Developments
- Results of Operations
- Summary of Real Estate Investments
- Liquidity and Capital Resources

Please read this discussion along with our MD&A and audited financial statements as of and for the year ended December 31, 2020 and Notes thereto, included in our 2020 Annual Report on Form 10-K, and our Condensed Consolidated Financial Statements and related Notes as of and for the quarterly period and nine months ended September 30, 2021 and 2020.

### Overview

We are a holding company and are engaged principally in two business segments:

- Tobacco: the manufacture and sale of cigarettes in the United States through our Liggett Group LLC ("Liggett") and Vector Tobacco Inc. ("Vector Tobacco") subsidiaries, and
- Real Estate: the real estate services, technology and investment business through our subsidiary New Valley, which (i) owns Douglas Elliman Realty LLC ("Douglas Elliman"), (ii) has interests in numerous real estate projects across the United States and (iii) is seeking to acquire or invest in additional real estate services, technologies, properties or projects. Douglas Elliman operates the largest residential brokerage company in the New York metropolitan area and also conducts residential real estate brokerage operations in Florida, California, Connecticut, Massachusetts, Colorado, New Jersey and Texas.

Our tobacco subsidiaries' cigarettes are produced in 100 combinations of length, style and packaging. Liggett's current brand portfolio includes:

- *Eagle 20's*
- *Pyramid*
- *Montego*
- *Grand Prix*
- *Liggett Select*
- *Eve*
- *USA* and various Partner Brands and private label brands.

The discount segment is a challenging marketplace, with consumers having less brand loyalty and placing greater emphasis on price. Liggett's competition is divided into two segments. The first segment consists of the three largest manufacturers of cigarettes in the United States: Philip Morris USA Inc., which is owned by Altria Group, Inc., RJ Reynolds Tobacco Company, which is owned by British American Tobacco Plc, and ITG Brands LLC, which is owned by Imperial Brands Plc. These three manufacturers, while primarily premium cigarette-based companies, also produce and sell discount cigarettes. The second segment of competition is comprised of a group of smaller manufacturers and importers, most of which sell deep discount cigarettes.

## COVID-19 Pandemic and Current Business and Industry Trends

The COVID-19 pandemic continues to evolve and disrupt normal activities in many segments of the U.S. economy even as COVID-19 vaccines have been and continue to be administered. Many uncertainties continue to surround the pandemic, including risks associated with the timing and extent of vaccine administration and the impact of COVID-19 variants, the duration of the pandemic and the length of immunity. The following provides a summary of our actions in our two segments - Tobacco and Real Estate - since COVID-19 was declared a pandemic in March 2020.

Impact of COVID-19 on Tobacco Segment. We believe many adult tobacco consumers have had incremental discretionary spending availability during the COVID-19 pandemic as a result of a variety of factors, including federal government stimulus payments and enhanced unemployment benefit payments enacted in response to the COVID-19 pandemic, and lower non-tobacco discretionary spending due to stay-at-home practices.

Although our Tobacco segment has not experienced a material adverse impact to date from the COVID-19 pandemic, there is continued uncertainty as to how the COVID-19 pandemic (including vaccine administration and the impact of variants as well as changes in COVID-19-related restrictions and guidelines) may impact adult tobacco consumers in the future. The majority of retail stores in which our tobacco products are sold, including convenience stores, have been deemed to be essential businesses by authorities and have remained open.

Our management also continues to monitor the macroeconomic risks of the COVID-19 pandemic and its effect on adult tobacco consumer purchasing behaviors, including mix between premium and discount brand purchases. Our Montego brand is priced in the deep discount category and our other brands are primarily priced in the traditional discount category.

To date, we have not experienced any material disruptions to our supply or distribution chains and have not experienced any material adverse effects associated with governmental actions to restrict consumer movement or business operations. However, our suppliers and members of our distribution chain may be subject to government action requiring facility closures, vaccine mandates, remote working protocols and labor shortages. We continue to monitor the risk that a supplier, a distributor or any other entity within our supply and distribution chain closes temporarily or permanently.

On September 27, 2021, the President of the United States issued an Executive Order charging the Occupational Safety and Health Administration (“OSHA”) with developing an emergency temporary standard requiring almost all employers mandate certain COVID-19 vaccination and testing requirements in the workplace. On November 4, 2021, OSHA issued an interim final rule mandating that companies with at least 100 employees to either require workers to be vaccinated or subject workers to weekly COVID-19 testing from January 4, 2022. Although such mandate may be subject to legal challenge, if enforced, this could have an adverse impact on worker availability in our manufacturing, sales and administrative operations, or in our distribution and supply chains.

Impact of COVID-19 on Real Estate Segment. Douglas Elliman is one of the largest residential real estate brokers in the New York City market and approximately 46% of its brokerage revenues were derived from the New York City market in 2018 and 2019. Published reports and data indicate that the New York metropolitan area was initially impacted more than any other area in the United States. Consequently, various governmental agencies in the New York metropolitan area and in other markets where Douglas Elliman operates instituted quarantines, “pause” orders, “shelter-in-place” rules, restrictions on travel and restrictions on the types of businesses that could operate. These restrictions adversely impacted Douglas Elliman’s ability to conduct business during the year ended December 31, 2020 and, in particular from March 2020 to October 2020. For example, Douglas Elliman agents were restricted from performing in-person showings of properties or conducting open houses in most of its markets from March 2020 to June 2020. Douglas Elliman experienced a severe decline in closed sales volume in New York City from March 2020 to October 2020. As a result of the impact of the COVID-19 pandemic on the New York City market, and combined with the increased demand for existing homes in other areas of the U.S., the percentage of Douglas Elliman brokerage revenues from the New York City market declined from approximately 46% in 2019 to approximately 32% for the twelve months ended September 30, 2021. In addition, New Valley has investments in multiple real estate ventures and properties in the New York metropolitan area, which had a carrying value of \$25,258 at September 30, 2021.

Beginning in April 2020, as a response to the impact of the COVID-19 pandemic, we made significant operating adjustments at Douglas Elliman, including a reduction of brokerage personnel of approximately 25% and reductions of other administrative expenses, as well as a reduction, deferral or elimination of certain office lease expenses. As markets have reopened and Douglas Elliman’s revenues have significantly increased, Douglas Elliman’s expenses have increased in 2021 from the comparable 2020 periods. These increases were primarily the result of increased personnel expenses (associated with both discretionary compensation as well as the reinstatement of salary levels) and advertising expenses (associated with increased listing volume) in 2021.

A strong recovery in markets complementary to New York City, including Long Island, Westchester County, the Hamptons, Connecticut, Palm Beach, Miami, Los Angeles, and Aspen began late in the second quarter of 2020, following a

period of sharp decline in existing home transactions that began in the final weeks of the first quarter of 2020 due to the COVID-19 crisis. More recently, Douglas Elliman has experienced a recovery in New York City as well.

During the nine months ended September 30, 2021, we believe sustained high levels of demand in the markets in which Douglas Elliman operates have been supported by beneficial consumer trends such as relaxation of social distancing measures and office re-openings coupled with further adoption of remote work trends, which we believe enhance consumers' propensity to relocate to attractive tax and weather destinations, coupled with a favorable mortgage rate environment. In addition, continued high demand and low housing inventory levels in the markets in which Douglas Elliman operates have driven increased average existing home prices throughout and, in 2021, we believe limited inventory contributed to the decline in Douglas Elliman's gross transaction volume from the second quarter to the third quarter of 2021. Nonetheless, we anticipate that Douglas Elliman's markets, and in particular, New York City, will continue to improve from 2020 levels for the remainder of 2021 and into 2022, with average existing home prices increasing and existing home transaction growth remaining strong.

Notwithstanding the supply issues in the broader housing market, we expect year-over-year existing home transaction volume comparisons will be supported by ongoing recovery in the core markets in which Douglas Elliman operates, particularly the New York City market.

There remain significant uncertainties regarding whether the beneficial consumer trends discussed above, partially offset by low housing inventory levels, will be maintained, and whether such trends will continue to have a positive effect on our results of operations, financial position and cash flow, as well as significant uncertainties related to the COVID-19 pandemic, including the impact of COVID-19 variants, the duration of the pandemic and the length of immunity. See "Risk Factors."

## Recent Developments

*Issuance of Senior Secured Notes due 2029.* In January 2021, we issued \$875,000 in aggregate principal of our 5.75% Senior Secured Notes due 2029 ("5.75% Senior Secured Notes") in a private offering exempt from the registration requirements of the Securities Act of 1933, as amended (the "Securities Act"), to qualified institutional buyers in accordance with Rule 144A under the Securities Act and to persons outside the United States in compliance with Regulation S under the Securities Act. The 5.75% Senior Secured Notes pay interest on a semi-annual basis at a rate of 5.75% per year and mature on February 1, 2029. Prior to February 1, 2024, we may redeem some or all of the 5.75% Senior Secured Notes at any time at a make-whole redemption price and, thereafter, we may redeem some or all of the 5.75% Senior Secured Notes at a premium that will decrease over time, plus accrued and unpaid interest, if any, to the redemption date. The aggregate net proceeds from the issuance of the 5.75% Senior Secured Notes were approximately \$855,500 after deducting offering expenses. We used the net proceeds of the issuance, together with cash on hand, to redeem all of our outstanding 6.125% Senior Secured Notes due 2025, including accrued interest and any premium thereon, and to pay fees and expenses in connection with the offering of the 5.75% Senior Secured Notes.

*Liggett Credit Facility.* On March 22, 2021, Liggett, 100 Maple LLC ("Maple") and Vector Tobacco entered into Amendment No. 4 and Joinder to Third Amended and Restated Credit Agreement (the "Credit Agreement") with Wells Fargo Bank, National Association, as agent and lender.

The existing credit agreement was amended to, among other things, (i) add Vector Tobacco as a borrower under the Restated Credit Agreement, (ii) extend the maturity of the Credit Agreement to March 22, 2026, and (iii) increase the amount of the maximum credit line thereunder from \$60,000 to \$90,000. As of September 30, 2021, approximately \$81,200 was available for borrowing with no outstanding balance under the Restated Credit Agreement.

*Montego.* Since August 2020, Liggett has expanded the distribution of its *Montego* deep discount brand by 29 states, primarily located in the southeast and midwest. *Montego* was Liggett's third-largest brand for the three months ended September 30, 2021. Prior to August 2020, *Montego* was sold in select targeted markets in four states. *Montego*'s volume represented approximately 17% for the three months ended September 30, 2021 compared to approximately 7% of total unit volume sales for the three months ended September 30, 2020 and approximately 13% of Liggett's unit volume for the nine months ended September 30, 2021 compared to approximately 6% for the nine months ended September 30, 2020.

*Property Technology ("PropTech") Investments.* New Valley Ventures made the following investments (all of which are currently \$1,000 or less) during the nine months ended September 30, 2021.

- *Rechat* – an investment in February 2021 in a lead-to-close fully-mobile technology dashboard for real estate agents including marketing, customer relationship management and transaction-management software. Douglas Elliman has a multi-year services agreement with Rechat for its agents, who are increasingly requesting and requiring superior access to technology and back-office support services. The Rechat technology is a key element of MyDouglas, Douglas Elliman's primary agent portal designed to be our agents' technology front door, and StudioPro, the cloud-based agent

portal and marketing tool recently launched by Douglas Elliman that help integrate all agent resources in one user-friendly suite.

- *Purlin* – an investment in March 2021 in an automated intelligence platform to aid in home buying, an agent “paid social media” integration in MyDouglas as well as escrow client and agent portals that also integrate with MyDouglas.
- *EVPassport* – an investment in March 2021 in an entity that offers complete electronic vehicle charging solutions including hardware and software.
- *Humming Homes* – an investment in March 2021 in a technology-driven home management service that is creating a new category of end-to-end home management. It has built a solution for single-family homeowners with a digital-first experience, offering a dedicated in-person home management team with a single point of contact and 24/7 support. The service employs data and insights to avoid reactive and expensive home maintenance issues. The investment will complement Douglas Elliman’s business in the Hamptons and align Humming Homes’ geographical growth with Douglas Elliman’s footprint in locations such as Aspen, Florida and Southern California.
- *MoveEasy* – an investment in June 2021 in a client- and customer-facing digital concierge service designed to assist clients and customers moving into and “setting up” their new homes, while offering additional services to maintain their homes. In partnership with residential real estate brokerages, MoveEasy is delivered in a white-labeled format that features the name and contact information of the selling agent.
- *The Lab PropTech Fund* – an investment in June 2021 into a fund advised or managed by a Miami-based firm that aims to invest in emerging technologies with a focus on residential real estate and construction services.
- *Fyxify* – an investment in July 2021 into a tech-enabled platform that utilizes direct scheduling and operating technology to avoid the inefficiencies of home repairs (for example: calling around, mystery repair costs and wasting time).
- *Persefoni AI* – an investment in August 2021 into a software-as-a-service (“SaaS”) platform built to enable enterprises of all sizes to accurately, dynamically, and regularly measure their carbon footprint across all operations.
- *Bilt* – an investment in September 2021 into a leading loyalty program and co-branded credit card for renters to earn points on their rent payments. Douglas Elliman has joined the Bilt Rewards Alliance, a network of more than 2 million rental units across the country where renters can enroll in the loyalty program to earn points on rent paid. This platform enhances Douglas Elliman’s suite of offerings for both the renters and landlords it represents.

*Douglas Elliman Texas.* In August 2021, we increased our ownership in Douglas Elliman Texas from 1% to 50% and are fully integrating the Texas business with the rest of our Douglas Elliman operations. We believe that the Texas market will be complementary to Douglas Elliman's markets as several of its major cities are densely populated international finance and technology hubs with premium-priced housing inventory. Texas continues to be a top destination for many different demographics from across the country, which has supported the housing market and the number of real estate transactions in the state. According to the Texas Real Estate Research Center at Texas A&M University, the Texas median home price reached a record-breaking \$298,013 in June 2021, up 19.3% year-over-year. Texas' average days on market fell to a record-breaking 30 days, according to the same report, indicating strong demand.

*The Company's Proposed Spin-off.* On November 8, 2021, the Company announced its intention to spin off its real estate services and PropTech investment business through a pro rata distribution of all of the outstanding shares of common stock of Spinco to holders of the Company’s common stock (including common stock underlying outstanding stock option awards and restricted stock awards). The Proposed Spin-off is intended to be a tax-free transaction for U.S. federal income tax purposes and is expected to be completed by the end of calendar year 2021, subject to the satisfaction of customary conditions, including final approval by the Company’s board of directors and the effectiveness of Spinco’s registration statement on Form 10 to be filed with the SEC.

We expect to incur significant costs in connection with the Proposed Spin-off. These costs include fees for third-party advisory, consulting, legal and professional services, as well as other items that are incremental and one-time in nature. We expensed \$3,426 for the nine months ended September 30, 2021. The expense portion is reflected in operating, selling, administrative and general expenses.

## Recent Developments in Litigation

The cigarette industry continues to be challenged on numerous fronts. New cases continue to be commenced against Liggett and other cigarette manufacturers. Liggett could be subjected to substantial liabilities and bonding requirements from litigation relating to cigarette products. Adverse litigation outcomes could have a negative impact on our ability to operate due to their impact on cash flows. It is possible that there could be adverse developments in pending cases including the certification of additional class actions. An unfavorable outcome or settlement of pending tobacco-related litigation could encourage the commencement of additional litigation. In addition, an unfavorable outcome in any tobacco-related litigation could have a material adverse effect on our consolidated financial position, results of operations or cash flows. Liggett could face difficulties in obtaining a bond to stay execution of a judgment pending appeal.

*Mississippi Dispute.* In January 2016, the Attorney General for Mississippi filed a motion in Chancery Court in Jackson County, Mississippi to enforce the March 1996 settlement agreement (the "1996 Agreement") alleging that Liggett owes Mississippi at least \$27,000 in compensatory damages and interest. In April 2017, the Chancery Court ruled, over Liggett's objections, that the 1996 Agreement should be enforced as Mississippi claims and referred the matter first to arbitration and then to a Special Master for further proceedings to determine the amount of damages, if any, to be awarded. In April 2021, following confirmation of the final arbitration award, the parties stipulated that the unpaid principal (exclusive of interest) purportedly due from Liggett to Mississippi pursuant to the 1996 Agreement was approximately \$16,700, subject to Liggett's right to litigate and/or appeal the enforceability of the 1996 Agreement (and all issues other than the calculation of the principal amount allegedly due).

In September 2019, the Special Master held a hearing regarding Mississippi's claim for pre- and post-judgment interest. In August 2021, the Special Master issued a final report with proposed findings and recommendations that pre-judgment interest, in the amount of approximately \$18,800, is due from Liggett from April 2005 - August 3, 2021. Liggett filed formal objections to the final report in Mississippi Chancery Court which is scheduled for hearing on November 18, 2021. If the Mississippi Chancery Court rejects Liggett's objections and enters final judgment adopting the Special Master's findings and recommendations, additional interest amounts will accrue if the judgment is not overturned on appeal. Liggett continues to assert that the April 2017 Chancery Court order is in error because the most favored nations provision in the 1996 Agreement eliminated all of Liggett's payment obligations to Mississippi, and has reserved all rights to appeal this and other issues at the conclusion of the case. In the event Liggett appeals an adverse judgment, the posting of a bond will likely be required.

Liggett may be required to make additional payments to Mississippi and Texas which could have a material adverse effect on the Company's consolidated financial position, results of operations and cash flows.

See "*Legislation and Regulation*" in Item 2 of the MD&A for further information on litigation.

## Critical Accounting Policies

There are no material changes except for the items listed below from the critical accounting policies set forth in Item 7, "*Management's Discussion and Analysis of Financial Condition and Results of Operations*," of our Annual Report on Form 10-K, for the year ended December 31, 2020. Please refer to that section and the information below for disclosures regarding the critical accounting policies related to our business.

## Results of Operations

The following discussion provides an assessment of our results of operations, capital resources and liquidity and should be read in conjunction with our condensed consolidated financial statements included elsewhere in this report. The condensed consolidated financial statements include the accounts of Liggett, Vector Tobacco, Liggett Vector Brands, New Valley and other less significant subsidiaries.

For purposes of this discussion and other consolidated financial reporting, our business segments for the three and nine months ended September 30, 2021 and 2020 were Tobacco and Real Estate. The Tobacco segment consisted of the manufacture and sale of cigarettes. The Real Estate segment included our investment in New Valley, which includes ownership of Douglas Elliman, investments in real estate and investments in real estate ventures.

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2021	2020	2021	2020
<b>Revenues:</b>				
Tobacco	\$ 297,942	\$ 318,850	\$ 895,901	\$ 918,429
Real estate	354,704	228,981	1,030,038	529,650
Total revenues	<u>\$ 652,646</u>	<u>\$ 547,831</u>	<u>\$ 1,925,939</u>	<u>\$ 1,448,079</u>
<b>Operating income (loss):</b>				
Tobacco	\$ 91,779 <sup>(1)</sup>	\$ 91,319 <sup>(2)</sup>	\$ 276,557 <sup>(4)</sup>	\$ 239,814 <sup>(5)</sup>
Real estate	24,700	10,850 <sup>(3)</sup>	82,322	(63,500) <sup>(6)</sup>
Corporate and Other	(8,950)	(6,252)	(24,071)	(18,504)
Total operating income	<u>\$ 107,529</u>	<u>\$ 95,917</u>	<u>\$ 334,808</u>	<u>\$ 157,810</u>

<sup>(1)</sup> Operating income includes \$12 of litigation settlement and judgment expense.

<sup>(2)</sup> Operating income includes \$286 of expenses from MSA settlement.

<sup>(3)</sup> Operating income includes \$320 of restructuring charges.

<sup>(4)</sup> Operating income includes \$2,722 received from a litigation settlement associated with the MSA (which reduced cost of sales) and \$17 of litigation settlement and judgment expense.

<sup>(5)</sup> Operating income includes \$286 of expenses from MSA settlement and \$53 of litigation settlement and judgment expense.

<sup>(6)</sup> Operating loss includes \$58,252 of impairment charges related to the impairments of goodwill and intangible assets and \$3,281 of restructuring charges.

### Three Months Ended September 30, 2021 Compared to Three Months Ended September 30, 2020

**Revenues.** Total revenues were \$652,646 for the three months ended September 30, 2021 compared to \$547,831 for the three months ended September 30, 2020. The \$104,815 (19.1%) increase in revenues was primarily due to a \$125,723 increase in Real Estate revenues, which was primarily related to Douglas Elliman offset by a \$20,908 decline in Tobacco revenues.

**Cost of sales.** Total cost of sales was \$447,090 for the three months ended September 30, 2021 compared to \$374,575 for the three months ended September 30, 2020. The \$72,515 (19.4%) increase in cost of sales was primarily due to a \$90,218 increase in Real Estate cost of sales, which was primarily related to Douglas Elliman. This was offset by a \$17,703 decline in Tobacco cost of sales.

**Expenses.** Operating expenses were \$98,027 for the three months ended September 30, 2021 compared to \$77,339 for the same period last year. The \$20,688 (26.7%) increase in operating expenses was primarily due to a \$21,655 increase in Real Estate expenses, which included \$320 of restructuring expenses in the 2020 period, and a \$2,698 increase in Corporate and Other expenses. This was offset by a \$3,665 decline in Tobacco expenses.

**Operating income.** Operating income was \$107,529 for the three months ended September 30, 2021 compared to \$95,917 for the same period last year. The \$11,612 (12.1%) increase in operating income was due to a \$13,850 increase in Real Estate operating income, primarily related to Douglas Elliman, and a \$460 increase in Tobacco operating income. This was offset by an increase of \$2,698 in Corporate and Other operating loss.

**Other expenses.** Other expenses were \$35,081 and \$39,955 for the three months ended September 30, 2021 and 2020, respectively. For the three months ended September 30, 2021, other expenses primarily consisted of interest expense of \$28,287, equity in losses from real estate ventures of \$5,869, and other expenses of \$969. This was offset by equity in earnings from investments of \$44. For the three months ended September 30, 2020, other expenses primarily consisted of interest expense of \$28,163, equity in losses from real estate ventures of \$8,536, and other expenses of \$5,096. This was offset by equity in earnings from investments of \$1,840.

**Income before provision for income taxes.** Income before income taxes was \$72,448 and \$55,962 for the three months ended September 30, 2021 and 2020, respectively.

**Income tax expense.** Income tax expense was \$23,679 and \$17,823 for the three months ended September 30, 2021 and 2020, respectively. Our provision for income taxes in interim periods is based on expected income, statutory rates, permanent differences, valuation allowances against deferred tax assets, and any tax planning opportunities available to us. For interim financial reporting, we estimate the annual effective income tax rate based on full year projections and apply the annual effective income tax rate against year-to-date pretax income to record income tax expense, adjusted for discrete items, if any. We refine annual estimates as new information becomes available. For the three months ended September 30, 2021, the annual effective tax rate applied to year-to-date income resulted in tax expense which was reduced by discrete items. The discrete items of \$544 primarily relates to stock-based compensation. For the three months ended September 30, 2020, the discrete items of \$973 primarily relates to changes in value of certain contingent consideration and stock-based compensation.

**Tobacco.**

**Tobacco revenues.** Liggett increased the list price of *Eagle 20's*, *Pyramid*, *Liggett Select* and *Grand Prix* by \$0.15 per pack on September 27, 2021, \$0.14 per pack in June 2021, \$0.14 per pack in January 2021, \$0.13 per pack in November 2020, \$0.11 per pack in June 2020, and \$0.08 per pack in February 2020.

All of our Tobacco sales were in the discount category in 2021 and 2020. For the three months ended September 30, 2021, Tobacco revenues were \$297,942 compared to \$318,850 for the three months ended September 30, 2020. Revenues declined by \$20,908 (6.6%) due primarily to an 11.7% (278 million units) decline in sales volume, partially offset by an increase in the average selling price of our brands for the three months ended September 30, 2021.

Despite recent pricing increases, *Eagle 20's* remains Liggett's primary discount cigarette brand and its percentage of Liggett's total unit volume sales has declined from approximately 62% in the three months ended September 30, 2020 to approximately 56% for the three months ended September 30, 2021. *Pyramid*, Liggett's second-largest brand, declined from approximately 23% of total unit volume sales in the three months ended September 30, 2020 to approximately 19% for the three months ended September 30, 2021. *Montego* is Liggett's third largest brand and increased from approximately 7% of total unit volume sales in the three months ended September 30, 2020 to approximately 17% for the three months ended September 30, 2021.

**Tobacco cost of sales.** The major components of our Tobacco cost of sales were as follows:

	Three Months Ended September 30,	
	2021	2020
Manufacturing overhead, raw materials and labor	\$ 29,866	\$ 32,644
Customer shipping and handling	1,815	1,590
Federal excise taxes, net	106,408	120,320
FDA expense	6,314	6,369
MSA expense, net of market share exemption	41,995	43,178 <sup>(1)</sup>
Total cost of sales	<u>\$ 186,398</u>	<u>\$ 204,101</u>

<sup>(1)</sup> Includes \$286 of expense from MSA Settlements.

The Tobacco segment's MSA expense is included in cost of sales. Under the terms of the MSA, we have no payment obligations except to the extent that our tobacco subsidiaries' market share of the U.S. Cigarette market exceeds 1.92%. The calculation of our benefit from the MSA is an estimate based on U.S. domestic taxable cigarette shipments. As of September 30, 2021, we estimate taxable shipments in the U.S. will decline by 7.0% in 2021. As of September 30, 2020, we estimated taxable shipments in the U.S. would decline by 1.5% in 2020 and, the actual change in 2020 taxable shipments was an increase of 2.0%. Our annual MSA expense changes by approximately \$1,640 for each percentage change in estimated shipment volumes in the U.S. market.

Inflationary pressures impact Liggett's cost of sales through increases in MSA expense as well as manufacturing costs. Liggett's MSA expense is subject to an annual inflation adjustment, which is the greater of the U.S. CPI rate or 3% and general inflationary pressures in the U.S. economy could also increase Liggett's cost of sales. Liggett's management is currently assuming an inflation adjustment to MSA expense of 4.8% in 2021, compared to 3% in 2020. The actual inflation adjustment to the MSA in 2020 was 3%. Our annual MSA expense increases by approximately \$1,800 for each 1% percentage increase of inflation in excess of 3%. In addition, the largest component of Liggett's manufacturing costs is leaf tobacco and other raw materials. In recent years, due to declining prices of leaf tobacco as well as efficiencies gained from technological innovation in Liggett's factory, Liggett's raw material costs have been flat and, therefore, has not been impacted by inflation. During the three months ended September 30, 2021, Liggett experienced a 1.0% inflation increase in leaf tobacco and raw materials compared to the three months ended September 30, 2020.

Tobacco gross profit was \$111,544 for the three months ended September 30, 2021 compared to \$114,749 for the three months ended September 30, 2020, a decline of \$3,205 (2.8%). The decline in gross profit for the three months ended September 30, 2021 was primarily attributable to an 11.7% decline in unit sales partially offset by increased pricing across all brands. As a percentage of revenue (excluding Federal Excise Taxes), Tobacco gross profit increased from 57.8% in the 2020 period to 58.2% in the 2021 period. The increase in gross profit was primarily the result of increased net pricing as well as lower per-unit MSA expense.

Tobacco expenses. Tobacco operating, selling, general and administrative expenses, excluding settlements and judgments, were \$19,753 and \$23,430 for the three months ended September 30, 2021 and 2020, respectively. The decline of \$3,677 was mainly due to a decline in professional fees and expenses associated with Colorado's minimum price legislation and lower compensation accruals, partially offset by an increase in travel and marketing expenses related to the relaxation of COVID-19 related restrictions, and an overall increase in general and administrative expenses. Total tobacco product liability legal expenses, including settlements and judgments, were \$1,555 and \$1,493 for the three months ended September 30, 2021 and 2020, respectively.

Tobacco operating income. Tobacco operating income was \$91,779 for the three months ended September 30, 2021 compared to \$91,319 for the same period last year. The increase of \$460 (0.5%) was primarily attributable to lower gross profit, as discussed above, offset by lower operating, selling, general and administrative expenses.

#### **Real Estate.**

Real Estate revenues. Real Estate revenues were \$354,704 and \$228,981 for the three months ended September 30, 2021 and 2020, respectively. Real Estate revenues increased by \$125,723, which was primarily related to an increase of \$140,415 in Douglas Elliman's commission and other brokerage income, reflecting increased revenues from existing home sales due to home-buying trends in Douglas Elliman's markets.

In 2020, and, in particular, the second quarter of 2020, Douglas Elliman experienced a severe decline in closed sales volume in New York City. Therefore, as a result of the impact of COVID-19 pandemic on the New York City market, and combined with the increased demand for existing-homes in other areas of the U.S., the percentage of Douglas Elliman's brokerage revenues from the New York City market declined from approximately 46% in 2019 to approximately 32% for the twelve months ended September 30, 2021.

In particular, the New York City market continued to improve in the third quarter of 2021. For the three months ended September 30, 2021, the percentage of Douglas Elliman's brokerage revenues from the New York City market increased from 24% from the comparable 2020 period to 38.9%. The three months ended September 30, 2021 demonstrated continued strength in the residential real estate market, which has improved markedly from a sharp decline in transactions, primarily in the second quarter of 2020, due to factors related to the COVID-19 pandemic. As Douglas Elliman's markets began reopening and vaccines for COVID-19 have become available, and consistent with home-buying trends in the U.S., Douglas Elliman's business improved significantly in markets complementary to New York City, including South Florida (Miami and Palm Beach), the New York City suburbs (Long Island, Westchester County and Connecticut), the Hamptons, Los Angeles, and Aspen. More recently, Douglas Elliman has experienced a recovery in New York City as well. For the three months ended September 30, 2021, Douglas Elliman's commission and other brokerage income generated from the sales of existing homes increased by \$74,449 in New York City, \$32,021 in the Southeast region, \$19,487 in the West (California and Colorado) region, and \$4,806 in the Northeast region, which excludes New York City. In addition, Douglas Elliman's revenues from Development Marketing increased by \$9,652 for the three months ended September 30, 2021 compared to the comparable 2020 period.

Real Estate revenues and cost of sales for the three months ended September 30, 2021 and 2020, respectively, were as follows:

	Three Months Ended September 30,	
	2021	2020
<b>Real Estate Revenues:</b>		
Commission and other brokerage income	\$ 338,915	\$ 198,500
Property management revenue	9,120	8,584
Escrow and title fees	6,126	912
Revenues from investments in real estate	—	20,500
Sales on facilities primarily from Escena	543	485
Total real estate revenues	<u>\$ 354,704</u>	<u>\$ 228,981</u>
<b>Real Estate Cost of Sales:</b>		
Real estate agent commissions	\$ 257,098	\$ 149,010
Cost of sales from investments in real estate	28	20,488
Escrow and title fees	2,548	136
Cost of sales on facilities primarily from Escena	1,018	840
Total real estate cost of sales	<u>\$ 260,692</u>	<u>\$ 170,474</u>

**Real Estate cost of sales.** Real Estate cost of sales were \$260,692 and \$170,474 for the three months ended September 30, 2021 and 2020, respectively. Real Estate cost of sales increased by \$90,218, primarily related to a \$108,088 increase in Douglas Elliman's real estate agent commissions, which resulted from an increase in sales volume. Real estate agent commissions increased from 75.1% for the three months ended September 30, 2020 to 75.9% for the three months ended September 30, 2021.

Real Estate segment gross profit increased from \$58,507 for the three months ended September 30, 2020 to \$94,012 for the three months ended September 30, 2021, an increase of \$35,505, which was primarily related to increases in Douglas Elliman's commission and other brokerage income.

**Real Estate expenses.** Real Estate expenses, which are primarily comprised of expenses of Douglas Elliman, were \$69,312 and \$47,657 for the three months ended September 30, 2021 and 2020, respectively. For the three months ended September 30, 2020, Real Estate expenses included restructuring charges, which were the result of expense-reduction initiatives, of \$320 at Douglas Elliman. The restructuring charges were the result of Douglas Elliman realigning its administrative support functions, and office locations as well as adjusting its business model to more efficiently serve its clients.

Beginning in April 2020, as a response to the impact of the COVID-19 pandemic, we made significant operating adjustments at Douglas Elliman, including reductions in brokerage personnel of approximately 25%, certain salaries and other administrative expenses, as well as a reduction, deferral or elimination of certain office lease expenses. As markets have reopened and Douglas Elliman's revenues have significantly increased, Douglas Elliman's expenses have increased from the comparable 2020 periods. Real estate expenses, excluding restructuring charges, increased by \$21,975 for the three months ended September 30, 2021 compared to the comparable period in 2020, primarily as a result of increased personnel expense (associated with both discretionary compensation as well as the reinstatement of salary levels due to Douglas Elliman's improved operating performance in 2021), advertising expenses associated with Douglas Elliman's increased listings in 2021, and administrative expenses associated with offices reopening.

**Real Estate operating income.** The Real Estate segment reported operating income of \$24,700 for the three months ended September 30, 2021 compared to operating income of \$10,850 for the three months ended September 30, 2020. The increase in Real Estate segment's operating income of \$13,850 was primarily the result of the increase in gross profit discussed above offset by higher expenses associated with increased listing volume.

**Corporate and Other.**

**Corporate and Other operating loss.** The operating loss at the Corporate and Other segment was \$8,950 for the three months ended September 30, 2021 compared to \$6,252 for the same period in 2020.

Nine Months Ended September 30, 2021 Compared to Nine Months Ended September 30, 2020

Revenues. Total revenues were \$1,925,939 for the nine months ended September 30, 2021 compared to \$1,448,079 for the nine months ended September 30, 2020. The \$477,860 (33.0%) increase in revenues was primarily due to a \$500,388 increase in Real Estate revenues, which was primarily related to an increase in Douglas Elliman's brokerage revenues related to the strength of the U.S. existing home market during the 2021 period. This was offset by a \$22,528 decline in Tobacco revenues related to lower unit volume, partially offset by increases in net pricing resulting primarily from increases in 2020 and 2021.

Cost of sales. Total cost of sales was \$1,311,042 for the nine months ended September 30, 2021 compared to \$990,083 for the nine months ended September 30, 2020. The \$320,959 (32.4%) increase in cost of sales was primarily due to a \$379,843 increase in Real Estate cost of sales, which was primarily related to increased Douglas Elliman's commissions. This was offset by a \$58,884 decline in Tobacco cost of sales primarily related to decreased sales volume.

Expenses. Operating expenses were \$280,089 for the nine months ended September 30, 2021 compared to \$300,186 for the same period last year. The \$20,097 (6.7%) decline was due to a \$25,277 decline in Real Estate expenses, primarily related to the absence of the impairment of goodwill and other intangible asset charge and restructuring charges at Douglas Elliman of \$58,252 and \$3,281, respectively, recorded in the 2020 period, and a \$387 decline in Tobacco expenses. This was offset by a \$5,567 increase in Corporate and Other expense for the nine months ended September 30, 2021.

Operating income. Operating income was \$334,808 for the nine months ended September 30, 2021 compared to operating income of \$157,810 for the same period last year. Operating income for the nine months ended September 30, 2020 included an impairment expense associated with goodwill and other intangible assets and restructuring charges in our Real Estate segment. Real Estate operating income increased \$145,822 primarily related to increased revenues at Douglas Elliman in 2021 associated with the strength of existing-home sales, which was propelled by home-buying trends associated with increased demand in Douglas Elliman's markets, and the absence of the impairment and restructuring expenses in the 2021 period. Tobacco operating income increased by \$36,743 due primarily to increases in net pricing and lower per unit MSA expense. This was offset by an increase in Corporate and Other operating loss of \$5,567.

Other expenses. Other expenses were \$85,185 for the nine months ended September 30, 2021 compared to other expenses of \$69,367 for the nine months ended September 30, 2020. For the nine months ended September 30, 2021, other expenses primarily consisted of interest expense of \$85,153, and loss on the extinguishment of debt of \$21,362. This was offset by equity in earnings from real estate ventures of \$12,405, equity in earnings from investments of \$1,562 and other income of \$7,363. For the nine months ended September 30, 2020, other expenses primarily consisted of interest expense of \$93,148, equity in losses from real estate ventures \$27,301 and other expenses of \$8,116. This was offset by equity in earnings from investments of \$54,199 and income of \$4,999 from changes in fair value of derivatives embedded within convertible debt.

Income before provision for income taxes. Income before income taxes was \$249,623 and \$88,443 for the nine months ended September 30, 2021 and 2020, respectively.

Income tax expense. Income tax expense was \$75,592 for the nine months ended September 30, 2021 compared to income tax expense of \$27,761 for the nine months ended September 30, 2020. Our provision for income taxes in interim periods is based on expected income, statutory rates, permanent differences, valuation allowances against deferred tax assets, and any tax planning opportunities available to us. For interim financial reporting, we estimate the annual effective income tax rate based on full year projections and apply the annual effective income tax rate against year-to-date pretax income to record income tax expense, adjusted for discrete items, if any. We refine annual estimates as new information becomes available. For the nine months ended September 30, 2021, the annual effective tax rate applied to year-to-date income resulted in tax expense which was reduced by discrete items. The discrete items of \$544 relates to stock-based compensation. For the nine months ended September 30, 2020, the annual effective tax rate applied to year-to-date income resulted in tax expense which was increased by discrete items related to income tax benefits on goodwill and trademark impairment charges, changes in value of certain contingent consideration and stock-based compensation, partially offset by the income tax expense related to equity in earnings from investments associated with the one-time gain on sale of LTS.

## Tobacco.

**Tobacco revenues.** Liggett increased the list price of *Eagle 20's*, *Pyramid*, *Liggett Select*, *Eve* and *Grand Prix* by \$0.15 per pack on September 27, 2021, \$0.14 per pack in June, 2021, \$0.14 per pack in January 2021, \$0.13 per pack in November 2020, \$0.11 per pack in June 2020, and \$0.08 per pack in February 2020.

All of our Tobacco sales were in the discount category in 2021 and 2020. For the nine months ended September 30, 2021, Tobacco revenues were \$895,901 compared to \$918,429 for the nine months ended September 30, 2020. Revenues declined by \$22,528 (2.5%) due primarily to a 9.0% (635 million units) decline in unit sales volume, partially offset by an increase in the average selling price of our brands for the nine months ended September 30, 2021.

Despite recent pricing increases, *Eagle 20's* remains Liggett's primary discount cigarette brand and its percentage of Liggett's total unit volume sales declined from approximately 62% in the nine months ended September 30, 2020 to approximately 59% for the nine months ended September 30, 2021. *Pyramid*, Liggett's second largest brand, declined from approximately 23% of total unit volume sales in the nine months ended September 30, 2020 to approximately 20% for the nine months ended September 30, 2021. *Montego* is Liggett's third largest brand and increased from approximately 6% of total unit volume sales in the nine months ended September 30, 2020 to approximately 13% for the nine months ended September 30, 2021.

**Tobacco cost of sales.** The major components of our Tobacco cost of sales were as follows:

	Nine Months Ended September 30,	
	2021	2020
Manufacturing overhead, raw materials and labor	\$ 90,404	\$ 98,178
Customer shipping and handling	5,116	4,423
Federal excise taxes, net	322,857	354,629
FDA expense	18,008	18,835
MSA expense, net of market share exemption	120,189 <sup>(1)</sup>	139,393 <sup>(2)</sup>
Total cost of sales	<u>\$ 556,574</u>	<u>\$ 615,458</u>

<sup>(1)</sup> Includes \$2,722 received from a litigation settlement associated with the MSA expense.

<sup>(2)</sup> Includes \$286 of expense from MSA settlements.

The Tobacco segment's MSA expense is included in cost of sales. Under the terms of the MSA, we have no payment obligations except to the extent that our tobacco subsidiaries' market share of the U.S. cigarette market exceeds 1.92%. The calculation of our benefit from the MSA is an estimate based on U.S. domestic taxable cigarette shipments. As of September 30, 2021, we estimate taxable shipments in the U.S. will decline by 7.0% in 2021. As of September 30, 2020, we estimated taxable shipments in the U.S. would decline by 1.5% in 2020 and, the actual change in 2020 taxable shipments was an increase of 2.0%. Our annual MSA expense changes by approximately \$1,640 for each percentage change in estimated shipment volumes in the U.S. market.

Inflationary pressures impact Liggett's cost of sales through increases in MSA expense as well as manufacturing costs. Liggett's MSA expense is subject to an annual inflation adjustment, which is the greater of the U.S. CPI rate or 3% and general inflationary pressures in the U.S. economy could also increase Liggett's cost of sales. For the nine months ended September 30, 2021, Liggett's management assumed an inflation adjustment to MSA expense of 4.8% and assumed 3% for the nine months ended September 30, 2020. The actual inflation adjustment to the MSA in 2020 was 3%. In addition, the largest component of Liggett's manufacturing costs is leaf tobacco and other raw materials. In recent years, due to declining prices of leaf tobacco as well as efficiencies gained from technological innovation in Liggett's factory, Liggett's raw material costs have been flat and, therefore, has not been impacted by inflation. During the nine months ended September 30, 2021, Liggett experienced a 1.2% inflation increase in leaf tobacco and raw materials (on a per unit basis) compared to the nine months ended September 30, 2020.

Tobacco gross profit was \$339,327 for the nine months ended September 30, 2021 compared to \$302,971 for the nine months ended September 30, 2020, an increase of \$36,356 (12.0%). For the nine months ended September 30, 2021, gross profit included \$2,722 received from an MSA settlement, which reduced cost of sales. Excluding this settlement, gross profit for the nine months ended September 30, 2021 was \$336,605, an increase of \$33,634 (11.1%). This increase in gross profit for the nine months ended September 30, 2021 was primarily attributable to increased net pricing across Liggett's brand portfolio more than offsetting the impact of a 9.0% decline in unit sales. As a percentage of revenue (excluding Federal Excise Taxes), Tobacco gross profit increased from 53.7% in the 2020 period to 59.2% in the 2021 period.

Tobacco expenses. Tobacco operating, selling, general and administrative expenses, excluding settlements and judgments, were \$62,753 for the nine months ended September 30, 2021 compared to \$63,104 for the nine months ended September 30, 2020. The decline of \$351 was mainly due to decreased professional fees and expenses associated with Colorado's minimum price legislation and lower compensation accruals, largely offset by an increase in travel and marketing expenses related to the relaxation of COVID-19 related restrictions and an overall increase in other general and administrative expenses. Tobacco product liability legal expenses, including settlements and judgments, were \$4,622 and \$4,684 for the nine months ended September 30, 2021 and 2020, respectively.

Tobacco operating income. Tobacco operating income was \$276,557 for the nine months ended September 30, 2021 compared to \$239,814 for the nine months ended September 30, 2020. The increase of \$36,743 (15.3%) was primarily attributable to higher gross profit margins.

#### **Real Estate.**

Real Estate revenues. Real Estate revenues were \$1,030,038 and \$529,650 for the nine months ended September 30, 2021 and 2020, respectively. Real Estate revenues increased by \$500,388, which was primarily related to an increase of \$496,328 in Douglas Elliman's commission and other brokerage income, reflecting increased revenues from existing home sales due to home-buying trends in Douglas Elliman's markets.

In 2020, and, in particular, the second quarter of 2020, Douglas Elliman experienced a severe decline in closed sales volume in New York City. Therefore, as a result of the impact of COVID-19 pandemic on the New York City market, and combined with the increased demand for existing-homes in other areas of the U.S., the percentage of Douglas Elliman's brokerage revenues from the New York City market declined from approximately 46% in 2019 to approximately 32% for the twelve months ended September 30, 2021.

In particular, the New York City market continued to improve in the second and third quarters of 2021. For the nine months ended September 30, 2021, the percentage of Douglas Elliman's brokerage revenues from the New York City market increased from 30.8% from the comparable 2020 period to 34.1%. The nine months ended September 30, 2021 demonstrated continued strength in the residential real estate market, which has improved markedly from a sharp decline in transactions, primarily in the second quarter of 2020, due to factors related to the COVID-19 pandemic. As Douglas Elliman's markets began reopening and vaccines for COVID-19 have become available, and consistent with home buying trends in the U.S., Douglas Elliman's business improved significantly in markets complementary to New York City, including South Florida (Miami and Palm Beach), the New York City suburbs (Long Island, Westchester County and Connecticut), the Hamptons, Los Angeles, and Aspen. More recently, Douglas Elliman has experienced a recovery in New York City as well. For the nine months ended September 30, 2021, Douglas Elliman's commission and other brokerage income generated from the sales of existing homes increased by \$176,130 in the Southeast region, \$164,466 in New York City, \$66,359 in the West region, and \$57,120 in the Northeast region, which excludes New York City, in each case compared to the comparable 2020 period. In addition, Douglas Elliman's revenues from Development Marketing increased by \$32,253 for the nine months ended September 30, 2021.

Real Estate revenues and cost of sales for the nine months ended September 30, 2021 and 2020, respectively, were as follows:

	Nine Months Ended September 30,	
	2021	2020
<b>Real Estate Revenues:</b>		
Commission and other brokerage income	\$ 974,048	\$ 477,720
Property management revenue	28,289	26,195
Escrow and title fees	16,575	2,611
Revenues from investments in real estate	7,650	20,500
Sales on facilities primarily from Escena	3,476	2,624
Total real estate revenues	<u>\$ 1,030,038</u>	<u>\$ 529,650</u>
<b>Real Estate Cost of Sales:</b>		
Real estate agent commissions	\$ 737,767	\$ 351,325
Cost of sales from investments in real estate	6,772	20,488
Escrow and title fees	7,033	413
Cost of sales on facilities primarily from Escena	2,896	2,399
Total real estate cost of sales	<u>\$ 754,468</u>	<u>\$ 374,625</u>

**Real Estate cost of sales.** Real Estate cost of sales were \$754,468 and \$374,625 for the nine months ended September 30, 2021 and 2020, respectively. Real Estate cost of sales increased by \$379,843, primarily related to \$386,442 increase in Douglas Elliman's real estate agent commissions, which resulted from an increase in sales volume. Real estate agent commissions increased from 73.5% to for the nine months ended September 30, 2020 to 75.7% for the nine months ended September 30, 2021. This was primarily due to the increase in the percentage of revenues from the Southeast (Florida) and Western (primarily California) regions which traditionally pay higher commission percentages than the New York City region.

Real Estate segment gross profit increased from \$155,025 for the nine months ended September 30, 2020 to \$275,570 for the nine months ended September 30, 2021, an increase of \$120,545, which was primarily related to increases in Douglas Elliman's commission and other brokerage income.

**Real Estate expenses.** Real Estate expenses, which are primarily comprised of expenses of Douglas Elliman, were \$193,248 and \$218,525 for the nine months ended September 30, 2021 and 2020. The expenses for the nine months ended September 30, 2020 included the non-cash impairment of goodwill and other intangible assets of \$58,252 and restructuring charges, which were the result of expense-reduction initiatives, of \$3,281 at Douglas Elliman. The restructuring charges were the result of Douglas Elliman realigning its administrative support functions, and office locations as well as adjusting its business model to more efficiently serve its clients.

Beginning in April 2020, as a response to the impact of the COVID-19 pandemic, we made significant operating adjustments at Douglas Elliman, including reductions in brokerage personnel of approximately 25%, certain salaries and other administrative expenses, as well as a reduction, deferral or elimination of certain office lease expenses. As markets have reopened and Douglas Elliman's revenues have significantly increased, Douglas Elliman's expenses have increased from the comparable 2020 periods. Real estate expenses, excluding the restructuring charges and non-cash impairment, increased by \$36,256 for the nine months ended September 30, 2021 compared to the comparable period in 2020, primarily as a result of increased personnel expense (associated with both discretionary compensation as well as the reinstatement of salary levels due to Douglas Elliman's improved operating performance in 2021), advertising expenses associated with Douglas Elliman's increased listings in 2021, and administrative expenses associated with offices reopening. These amounts were offset by lower professional fees.

**Real Estate operating income (loss).** The Real Estate segment reported operating income of \$82,322 and operating loss of \$63,500 for the nine months ended September 30, 2021 and 2020, respectively. The increase in the Real Estate segment's operating income, after excluding the non-cash impairment charge in the 2020 period, was primarily the result of the increase in gross profit discussed above offset by higher expenses associated with increased listing volume.

***Corporate and Other.***

Corporate and Other loss. The operating loss at the Corporate and Other segment was \$24,071 for the nine months ended September 30, 2021 compared to \$18,504 for the same period in 2020.

## Summary of Real Estate Investments

We own and seek to acquire investment interests in various domestic and international real estate projects through debt and equity investments. Our real estate investments primarily include the following projects as of September 30, 2021:

(Dollars in Thousands. Area and Unit Information in Ones)												
Location	Date of Initial Investment	Percentage Owned (1)	Net Cash Invested (Returned)	Cumulative Earnings (Losses)	Carrying Value as of September 30, 2021	Future Capital Commitments from New Valley (2)	Projected Residential and/or Hotel Area	Projected Commercial Space	Projected Number of Residential Units and/or Hotel Rooms	Actual/Projected Construction Start Date	Projected Construction End Date	
Escena, net	Master planned community, golf course, and club house in Palm Springs, CA	March 2008	100 %	\$ 2,989	\$ 6,562	\$ 9,551	\$ —	450 Acres	667 R Lots	N/A	N/A

(1) The Percentage Owned reflects our estimated current ownership percentage. Our actual ownership percentage as well as the percentage of earnings and cash distributions may ultimately differ as a result of a number of factors including potential dilution, financing or admission of additional partners.

(2) This column only represents capital commitments required under the various joint venture agreements. However, many of the operating agreements provide for the operating partner to call capital. If a joint venture partner, such as New Valley, declines to fund the capital call, then the partner's ownership percentage could either be diluted or, in some situations, the character of a funding member's contribution would be converted from a capital contribution to a member loan.

(3) The Witkoff GP Partners venture includes a \$1,534 investment in 500 Broadway, a Condominium and Mixed Use Development in Santa Monica, CA.

R - Residential Units

R Lots - Residential lots

New Valley capitalizes net interest expense into the carrying value of its ventures whose projects were under development. Net capitalized interest costs included in Carrying Value as of September 30, 2021 were \$7,645. This amount is included in the "Cumulative Earnings (Losses)" column in the table above. During the nine months ended September 30, 2021, New Valley capitalized \$1,636 of interest costs and utilized (reversed) \$1,469 of previously capitalized interest in connection with the recognition of equity in (losses) earnings, gains and liquidations from various ventures.

## Liquidity and Capital Resources

Cash, cash equivalents and restricted cash increased by \$173,377 and \$81,280 for the nine months ended September 30, 2021 and 2020, respectively.

Cash provided from operations was \$311,337 and \$318,660 for the nine months ended September 30, 2021 and 2020, respectively. The decline in cash provided from operations related primarily to (i) the absence of proceeds in 2021 associated with the sale of LTS, which occurred in 2020, (ii) higher income tax payments in the 2021 period, (iii) increased MSA payments in 2021 as well as lower MSA expense accruals associated with lower unit sales in 2021, and (iv) cash expenditures in February 2021 associated with the premium for the retirement of our 6.125% Senior Secured Notes due 2025. These amounts were offset by increased operating income as well as increased distributions from real estate ventures during the nine months ended September 30, 2021.

Cash used in investing activities was \$36,045 for the nine months ended September 30, 2021 and cash provided by investing activities was \$16,498 for the nine months ended September 30, 2020. In the first nine months of 2021, cash used in investing activities was for the purchase of investment securities of \$99,287, investments in real estate ventures of \$15,912, capital expenditures of \$11,103, an increase in cash surrender value of life insurance policies of \$1,253, purchase of long-term investments of \$13,053, purchase of subsidiaries of \$500, and an increase in restricted assets of \$5. This was offset by the sale of investment securities of \$33,517, paydowns of investment securities of \$415, maturities of investment securities of \$50,731, distributions from investments in real estate ventures of \$11,879, proceeds from the sale or liquidation of long-term investments of \$8,509, and proceeds from sale of fixed assets of \$17. In the first nine months of 2020, cash provided by investing activities was from the sale of investment securities of \$20,773, paydowns of investment securities of \$627, maturities of investment securities of \$43,405, distributions from investments in real estate ventures of \$11,606, a decrease in restricted assets of \$384, and proceeds from the sale or liquidation of long-term investments of \$30,255. This was offset by the purchase of investment securities of \$64,827, investments in real estate ventures of \$6,239, capital expenditures of \$8,824, investments in real estate, net of \$701, an increase in cash surrender value of life insurance policies of \$723, and purchase of long-term investments of \$9,238.

Cash used in financing activities was \$101,915 and \$253,878 for the nine months ended September 30, 2021 and 2020, respectively. In the first nine months of 2021, cash was used for the dividends on common stock of \$98,403, repayments of debt of \$859,801, deferred financing costs of \$20,109, and other of \$102. This was offset by proceeds from debt issuance of \$875,000 and contributions from non-controlling interest of \$1,500. In the first nine months of 2020, cash was used for dividends and distributions on common stock of \$97,781, repayments of debt of \$173,779, distributions to non-controlling interest of \$448, and net repayments of debt under the revolver of \$34,953. This was offset by proceeds from issuance of common stock of \$52,563, and proceeds from debt issuance of \$520.

We use dividends from our tobacco and real estate subsidiaries, as well as cash and cash equivalents maintained at the corporate level, to fund our significant liquidity commitments at the corporate level (not including our tobacco and real estate operations). These liquidity commitments include cash interest expense of approximately \$108,600, dividends on our outstanding common shares of approximately \$127,500, which is based on an assumed quarterly cash dividend of \$0.20 per share, and other corporate expenses and income taxes.

As of September 30, 2021, we had cash and cash equivalents of \$523,731 (including \$158,583 of cash at Douglas Elliman and \$132,975 of cash at Liggitt), investment securities and long-term investments, which were carried at \$213,506 (see Note 6 to condensed consolidated financial statements). As of September 30, 2021, our investments in real estate ventures were carried at \$74,199 and our investment in real estate, net of accumulated depreciation, was carried at \$9,551.

*Limitation of interest expense deductible for income taxes.* Since 2018, the amount of interest expense that is deductible in the computation of income tax liability has been limited to a percentage of adjusted taxable income, as defined by applicable law. In 2019 and 2020, the amount of deductible interest expense was limited to 50% of taxable income before interest, depreciation and amortization and, in 2021, the amount will be limited to 30% of taxable income before interest, depreciation and amortization. Beginning in 2022, the amount is limited to 30% of taxable income before interest. However, interest expense allocable to a designated excepted trade or business is not subject to limitation. One such excepted trade or business is any electing real property trade or business, for which portions of our real estate businesses may qualify. If any interest expense is disallowed, we are permitted to carry forward the disallowed interest expense indefinitely. As a result of interest expense that is allocated to our real estate businesses (from the holding company) not being subject to the limitation, all of our interest expense to date has been tax deductible; however, after consummation of the Proposed Spin-off, we will no longer own the aforementioned portions of our real estate businesses. Without the benefit of such an excepted trade or business, a portion of our interest expense in future years will not be deductible, which will increase the after-tax cost of any new debt financings as well as the refinancing of our existing debt.

*Tobacco Litigation.* As of September 30, 2021, 16 verdicts were entered in *Engle* progeny cases against Liggett. Several of these verdicts have been affirmed on appeal and have been satisfied by Liggett. Liggett has paid \$40,111, including interest and attorney's fees, to satisfy the final judgments entered against it. It is possible that additional cases could be decided unfavorably.

Notwithstanding the comprehensive nature of the *Engle* Progeny Settlements of more than 5,200 cases, approximately 38 plaintiffs' claims remain outstanding. Therefore, we and Liggett may still be subject to periodic adverse judgments that could have a material adverse effect on our consolidated financial position, results of operations and cash flows.

In addition, Liggett may be required to make additional payments to Mississippi which could have a material adverse effect on the Company's consolidated financial position, results of operations and cash flows. See *Recent Developments in Litigation*.

Management cannot predict the cash requirements related to any future settlements or judgments, including cash required to bond any appeals, and there is a risk that those requirements will not be able to be met. Management is unable to make a reasonable estimate of the amount or range of loss that could result from an unfavorable outcome of the cases pending against Liggett or the costs of defending such cases. It is possible that our consolidated financial position, results of operations or cash flows could be materially adversely affected by an unfavorable outcome in any such tobacco-related litigation.

#### *Vector.*

*6.125% Senior Secured Notes.* On February 1, 2021, the 6.125% Senior Secured Notes due 2025 were redeemed in full and we recorded a loss on the extinguishment of debt of \$21,362 for the nine months ended September 30, 2021, including \$13,014 of premium and \$8,348 of other costs and non-cash interest expense related to the recognition of previously unamortized deferred finance costs.

*5.75% Senior Secured Notes due 2029.* On January 28, 2021, we completed the sale of \$875,000 in aggregate principal amount of our 5.75% Senior Secured Notes due 2029 ("5.75% Senior Secured Notes") to qualified institutional buyers and non-U.S. persons in a private offering pursuant to the exemptions from the registration requirements of the Securities Act contained in Rule 144A and Regulation S thereunder. The aggregate net cash proceeds from the sale of the 5.75% Senior Secured Notes were approximately \$855,500 after deducting the initial purchaser's discount and estimated expenses and fees in connection with the offering. We used the net cash proceeds from the 5.75% Senior Secured Notes offering, together with cash on hand, to redeem all of our outstanding 6.125% Senior Secured Notes due 2025, including accrued interest and premium thereon, on January 28, 2021.

The 5.75% Senior Secured Notes pay interest on a semi-annual basis at a rate of 5.75% per year and mature on the earlier of February 1, 2029 and the date that is 91 days before the final stated maturity date of our 10.5% Senior Notes due 2026 ("10.5% Senior Notes") if such 10.5% Senior Notes have not been repurchased and cancelled or refinanced by such date. Prior to February 1, 2024, we may redeem some or all of the 5.75% Senior Secured Notes at any time at a make-whole redemption price. On or after February 1, 2024, we may redeem some or all of the 5.75% Senior Secured Notes at a premium that will decrease over time, plus accrued and unpaid interest, if any, to the redemption date. In addition, any time prior to February 1, 2024, we may redeem up to 40% of the aggregate outstanding amount of the 5.75% Senior Secured Notes with the net proceeds of certain equity offerings at 105.75% of the aggregate principal amount of the 5.75% Senior Secured Notes, plus accrued and unpaid interest, if any, to the redemption date, if at least 60% of the aggregate principal amount of the 5.75% Senior Secured Notes originally issued remains outstanding after such redemption, and the redemption occurs within 90 days of the closing of such equity offering. In the event of a change of control, as defined in the indenture governing the 5.75% Senior Secured Notes (the "2029 Indenture"), each holder of the 5.75% Senior Secured Notes may require the Company to repurchase some or all of its 5.75% Senior Secured Notes at a repurchase price equal to 101% of their aggregate principal amount plus accrued and unpaid interest, if any, to the date of purchase. If the Company sells certain assets and does not apply the proceeds as required pursuant to the 2029 Indenture, it must offer to repurchase the 5.75% Senior Secured Notes at the prices listed in the 2029 Indenture.

The 5.75% Senior Secured Notes are fully and unconditionally guaranteed, subject to certain customary automatic release provisions, on a joint and several basis by all of our wholly-owned domestic subsidiaries that are engaged in the conduct of our cigarette businesses, which subsidiaries, as of the issuance date of the 5.75% Senior Secured Notes, were also guarantors under our outstanding 10.5% Senior Notes. The 5.75% Senior Secured Notes are not guaranteed by New Valley LLC, or any of our subsidiaries engaged in our real estate business conducted through our subsidiary, New Valley LLC. The guarantees provided by certain of the guarantors are secured by first priority or second priority security interests in certain collateral of such guarantors pursuant to security and pledge agreements, subject to certain permitted liens and exceptions as further described in the 2029 Indenture and the security documents relating thereto. Vector Group Ltd. does not provide any security for the 5.75% Senior Secured Notes.

On November 8, 2021, the Company announced its intention to spin off its real estate services and PropTech investment business through a pro rata distribution of all of the outstanding shares of common stock of Spinco to holders of the Company's

common stock (including common stock underlying outstanding stock option awards and restricted stock awards). The Proposed Spin-off is permitted under the 2029 Indenture.

The 2029 Indenture contains covenants that restrict the payment of dividends if our consolidated earnings before interest, taxes, depreciation and amortization (“Consolidated EBITDA”), as defined in the 2029 Indenture, for the most recently ended four full quarters is less than \$75,000. The 2029 Indenture also restricts the incurrence of debt if our Leverage Ratio and our Secured Leverage Ratio, each as defined in the 2029 Indenture, exceed 3.0 to 1.0 and 1.5 to 1.0, respectively. Our Leverage Ratio is defined in the 2029 Indenture as the ratio of our and our guaranteeing subsidiaries’ total debt less the fair market value of our cash, investment securities and long-term investments to Consolidated EBITDA, as defined in the 2029 Indenture. Our Secured Leverage Ratio is defined in the 2029 Indenture in the same manner as the Leverage Ratio, except that secured indebtedness is substituted for indebtedness. The following table summarizes the requirements of these financial test and the extent to which we would have satisfied these requirements had the 2029 Indenture been in effect as of September 30, 2021.

Covenant	Indenture Requirement	September 30, 2021
Consolidated EBITDA, as defined	\$75,000	\$402,115
Leverage ratio, as defined	<3.0 to 1	2.07 to 1
Secured leverage ratio, as defined	<1.5 to 1	0.72 to 1

As of September 30, 2021, we were in compliance with all debt covenants related to the 2029 Indenture.

*10.5% Senior Notes due 2026.* On November 2, 2018 and November 18, 2019, respectively, we sold \$325,000 and \$230,000, respectively, in aggregate principal amount of our 10.5% Senior Notes to qualified institutional buyers and non-U.S. persons pursuant to the exemptions from the registration requirements of the Securities Act contained in Rule 144A and Regulation S thereunder. The 10.5% Senior Secured Notes due 2026 are guaranteed by all of our wholly owned domestic subsidiaries that are engaged in the conduct of our cigarette business and DER Holdings LLC.

The indenture governing our 10.5% Senior Notes due 2026 (the “2026 Indenture”) contains covenants that restrict the payment of dividends and certain other distributions subject to certain exceptions, including exceptions for (1) dividends and other distributions in an amount up to 50% of our consolidated net income, plus certain specified proceeds received by the Company, if no event of default has occurred, and we are in compliance with a Fixed Charge Coverage Ratio (as defined in the 2026 Indenture) of at least 2.0 to 1.0, and (2) dividends and other distributions in an unlimited amount, if no event of default has occurred and we are in compliance with a Net Leverage Ratio (as defined in the 2026 Indenture) no greater than 4.0 to 1.0. As a result, absent an event of default, we can pay dividends if the Net Leverage ratio is below 4.0 to 1.0, regardless of the value of the Fixed Charge Coverage Ratio at the time. The 2026 Indenture also restricts our ability to incur debt if our Fixed Charge Coverage Ratio is less than 2.0 to 1.0, and restricts our ability to secure debt to the extent doing so would cause our Secured Leverage Ratio (as defined in the 2026 Indenture) to exceed 3.75 to 1.0, unless the 10.5% Senior Notes are secured on an equal and ratable basis. In addition, the 2026 Indenture restricts our ability to spin off or transfer New Valley and its subsidiaries as a whole, or DER Holdings LLC and its subsidiaries (including Douglas Elliman) as a whole, unless (1) such spin off or transfer complies with the covenants restricting mergers and asset sales, or (2) our Net Leverage Ratio is no greater than 4.0 to 1.0. Our Fixed Charge Coverage Ratio is defined in the 2026 Indenture as the ratio of our Consolidated EBITDA to our Fixed Charges (each as defined in the 2026 Indenture). Our Net Leverage Ratio is defined in the 2026 Indenture as the ratio of our and our guaranteeing subsidiaries’ total debt less our cash, cash equivalents, and the fair market value of our investment securities, long-term investments, investments in real estate, net, and investments in real estate ventures, to Consolidated EBITDA, as defined in the 2026 Indenture. Our Secured Leverage Ratio is defined in the 2026 Indenture as the ratio of our and our guaranteeing subsidiaries’ total secured debt, to Consolidated EBITDA, as defined in the 2026 Indenture. The following table summarizes the requirements of these financial test and the extent to which we satisfied these requirements as of September 30, 2021.

On November 8, 2021, the Company announced its intention to spin off its real estate services and PropTech investment business through a pro rata distribution of all of the outstanding shares of common stock of Spinco to holders of the Company’s common stock (including common stock underlying outstanding stock option awards and restricted stock awards). In connection with the Proposed Spin-off, DER Holdings LLC will be released as guarantor under the 10.5% Senior Notes. Both the Proposed Spin-off and the release of DER Holdings LLC are permitted under the 2026 Indenture.

Covenant	Indenture Requirement	September 30, 2021
Consolidated EBITDA, as defined	N/A	\$448,917
Fixed charge coverage ratio, as defined	>2.0 to 1	4.1 to 1
Net leverage ratio, as defined	<4.0 to 1	1.35 to 1
Secured leverage ratio, as defined	<3.75 to 1	1.94 to 1

As of September 30, 2021 and December 31, 2020, we were in compliance with all of the debt covenants related to the 2026 Indenture.

*Guarantor Summarized Financial Information.* Vector Group Ltd. (the “Issuer”) and its wholly-owned domestic subsidiaries that are engaged in the conduct of its cigarette business (the “Subsidiary Guarantors”) have filed a shelf registration statement for the offering of debt and equity securities on a delayed or continuous basis and we are including this condensed consolidating financial information in connection therewith. Any such debt securities may be issued by us and guaranteed by our Subsidiary Guarantors. New Valley and any of its subsidiaries, other than DER Holdings LLC (the “Nonguarantor Subsidiaries”) will not guarantee any such debt securities. Both the Subsidiary Guarantors and the Nonguarantor Subsidiaries are wholly-owned by the Issuer. The Condensed Consolidating Balance Sheets as of September 30, 2021 and the related Condensed Consolidating Statements of Operations for the nine months ended September 30, 2021 of the Issuer, Subsidiary Guarantors and Nonguarantor Subsidiaries are set forth in Exhibit 99.2.

Presented herein are the Summarized Combined Balance Sheets as of September 30, 2021 and December 31, 2020 and the related Summarized Combined Statements of Operations for the nine months ended September 30, 2021 for the Issuer and the Subsidiary Guarantors (collectively, the “Obligor Group”). The summarized combined financial information is presented after the elimination of: (i) intercompany transactions and balances among the Obligor Group, and (ii) equity in earnings from and investments in the Nonguarantor Subsidiaries.

Summarized Combined Balance Sheets:

	September 30, 2021	December 31, 2020
<b>Assets:</b>		
Current assets	\$ 638,406	\$ 515,082
Noncurrent assets	268,518	264,041
Intercompany receivables from Nonguarantor Subsidiaries	2,095	2,040
<b>Liabilities:</b>		
Current liabilities	290,758	193,125
Noncurrent liabilities	1,529,077	1,521,293

Summarized Combined Statements of Operations:

	Nine Months Ended September 30,	
	2021	2020
Revenues	\$ 895,961	\$ 918,787
Cost of sales	556,574	615,458
Operating income	252,671	221,459
Net income	107,201	131,584

*Liggett Credit Facility and Liggett Term Loan Under Credit Facility.* On March 22, 2021, Liggett, Maple and Vector Tobacco entered into the Amendment with Wells Fargo, as agent and lender.

The Amendment amended the existing credit agreement to, among other things, (i) add Vector Tobacco as a borrower under the Credit Agreement, (ii) extend the maturity of the Credit Agreement to March 22, 2026, and (iii) increase the amount of the maximum credit line thereunder from \$60,000 to \$90,000. As of September 30, 2021, there was no outstanding balance under the Credit Agreement. Availability as determined under the Credit Agreement was approximately \$81,200 based on eligible collateral at September 30, 2021. At September 30, 2021, Liggett was in compliance with all covenants under the Credit Agreement; Liggett's EBITDA, as defined, were \$362,728 for the last twelve months ended September 30, 2021.

*Anticipated Liquidity Obligations.* We and our subsidiaries have significant indebtedness and debt service obligations. As of September 30, 2021, we and our subsidiaries had total outstanding indebtedness of approximately \$1,445,900. Of this amount, \$875,000 comprised of the outstanding amount under our 5.75% Senior Secured Notes due 2029, and \$555,000 comprised of the outstanding amount under our 10.5% Senior Notes due 2026. There is a risk that we will not be able to generate sufficient funds to repay our debt. If we cannot service our fixed charges, it would have a material adverse effect on our business and results of operations.

We currently believe that our tobacco and real estate segments will generate positive cash flow and will continue to be able to sustain their operations in 2021 without any significant liquidity concerns.

In order to meet the above liquidity requirements as well as other anticipated liquidity needs in the normal course of business, we had cash and cash equivalents of approximately \$523,700, investment securities at fair value of approximately \$155,095, long-term investments with an estimated value of approximately \$58,400, and availability under Liggett's credit facility of approximately \$81,200 at September 30, 2021. Management currently anticipates that these amounts, as well as expected cash flows from our operations, proceeds from public and/or private debt and equity financing to the extent available, management fees and other payments from subsidiaries should be sufficient to meet our liquidity needs over the next 12 months.

We continue to evaluate our capital structure and current market conditions related to our capital structure. Depending on market conditions, we may utilize our cash, investment securities and long-term investments to repurchase our 10.5% Senior Notes due 2026 in open-market purchases or privately negotiated transactions.

There can be no assurance that we would be able to continue to issue debt at a lower interest rate than our historical borrowing levels in the future and, in the event we pursue any capital markets activities, our ability to complete any debt or equity offering would be subject to market conditions.

Furthermore, we may access the capital markets to refinance our 10.5% Senior Notes due 2026. We can presently redeem such bonds at price of 105.25% and the redemption price declines to 102.625% on November 1, 2022 and 100% on November 1, 2023. There can be no assurance that we would be able to continue to issue debt at a lower interest rate than our historical borrowing levels in the future and, in the event we pursue any capital markets activities, our ability to complete any debt or equity offering would be subject to market conditions.

We may acquire or seek to acquire additional operating businesses through merger, purchase of assets, stock acquisition or other means, or to make other investments, which may limit our liquidity otherwise available.

## **Market Risk**

We are exposed to market risks principally from fluctuations in interest rates, foreign currency exchange rates and equity prices. We seek to minimize these risks through our regular operating and financing activities and our long-term investment strategy. Our market risk management procedures cover all market risk sensitive financial instruments.

As of September 30, 2021, approximately \$15,600 of our outstanding debt at face value had variable interest rates determined by various interest rate indices, which increases the risk of fluctuating interest rates. Our exposure to market risk includes interest rate fluctuations in connection with our variable rate borrowings, which could adversely affect our cash flows. As of September 30, 2021, there was no outstanding balance on the Liggett Credit Facility which also has variable interest rates. As of September 30, 2021, we had no interest rate caps or swaps. Based on a hypothetical 100 basis point increase or decrease in interest rates (1%), our annual interest expense could increase or decrease by approximately \$200.

We held debt securities available for sale totaling \$110,781 and convertible trading debt securities totaling \$2,208 as of September 30, 2021. See Note 6 to our condensed consolidated financial statements. Adverse market conditions could have a significant impact on the value of these investments.

On a quarterly basis, we evaluate our debt securities available for sale and equity securities without readily determinable fair values that do not qualify for the NAV practical expedient to determine whether an impairment has occurred. If so, we also make a determination if such impairment is considered temporary or other-than-temporary. We believe that the assessment of

temporary or other-than-temporary impairment is facts-and-circumstances driven. The impairment indicators that are taken into consideration as part of our analysis include (a) a significant deterioration in the earnings performance, credit rating, asset quality, or business prospects of the investee, (b) a significant adverse change in the regulatory, economic, or technological environment of the investee, (c) a significant adverse change in the general market condition of either the geographical area or the industry in which the investee operates, and (d) factors that raise significant concerns about the investee's ability to continue as a going concern, such as negative cash flows from operations, working capital deficiencies, or noncompliance with statutory capital requirements or debt covenants.

### Equity Security Price Risk

As of September 30, 2021, we held various investments in equity securities with a total fair value of \$80,645, of which \$44,314 represents equity securities at fair value and \$36,331 represents long-term investment securities at fair value. The latter securities represent long-term investments in various investment partnerships. These investments are illiquid and their ultimate realization is subject to the performance of the underlying entities. See Note 6 to our condensed consolidated financial statements, respectively, for more details on equity securities at fair value and long-term investment securities at fair value. The impact to our condensed consolidated statements of operations related to equity securities fluctuates based on changes in their fair value.

We record changes in the fair value of equity securities in net income. To the extent that we continue to hold equity securities, our operating results may fluctuate significantly. Based on our equity securities held as of September 30, 2021, a hypothetical decrease of 10% in the price of these equity securities would reduce the fair value of the investments and, accordingly, our net income by approximately \$8,065.

### New Accounting Pronouncements

Refer to Note 1, *Summary of Significant Accounting Policies*, to our financial statements for further information on New Accounting Pronouncements.

### Legislation and Regulation

There are no material changes from the Legislation and Regulation section set forth in Item 7, "*Management's Discussion and Analysis of Financial Condition and Results of Operations*," of our Annual Report on Form 10-K for the year ended December 31, 2020, except as set forth below:

#### Menthol and Flavorings

The Tobacco Products Scientific Advisory Committee ("TPSAC") completed its review of the use of menthol in cigarettes and issued a report with recommendations to the U.S. Food and Drug Administration ("FDA") in March 2011. The report stated that "removal of menthol cigarettes from the marketplace would benefit public health in the United States," but did not expressly recommend that FDA ban menthol cigarettes. In July 2013, FDA made available its preliminary scientific evaluation ("PSE") of public health issues related to the use of menthol in cigarettes, in which it concluded that menthol cigarettes likely pose a public health risk above that seen with non-menthol cigarettes. FDA also issued and accepted public comment on an Advance Notice of Proposed Rulemaking ("ANPR") seeking input related to potential regulatory options it might consider in determining what future regulatory action, if any, it believes is warranted. In July 2014, the federal district court for the District of Columbia ruled on cross-motions for summary judgment in a lawsuit brought by several cigarette manufacturers against FDA challenging the composition of the TPSAC. The district court granted, in part, the manufacturers' motion for summary judgment, ordering FDA to reconstitute the TPSAC and barring the agency from relying in any manner on the March 2011 TPSAC report on menthol. FDA appealed the decision to the U.S. Court of Appeals for the District of Columbia Circuit. In January 2016, the D.C. Circuit vacated the district court's decision due to the manufacturers' lack of standing and lifted the prohibition on FDA relying on the March 2011 TPSAC report. The D.C. Circuit's decision does not preclude future challenges if FDA ultimately relies on the March 2011 TPSAC report to restrict or ban menthol in cigarettes.

In July 2017, FDA announced a comprehensive plan for Tobacco and Nicotine Regulation. As part of this comprehensive plan, FDA announced its intent to issue an ANPR requesting public stakeholder input on the impact of flavors (including menthol) on increased initiation among youth and young adults, as well as assisting adult smokers to switch to potentially less harmful forms of nicotine delivery. FDA issued this ANPR on March 21, 2018, seeking comments, data, research results, or other information about, among other things, how flavors attract youth to initiate tobacco product use and about whether and how certain flavors may help adult cigarette smokers reduce cigarette use and switch to potentially less harmful products. In the

ANPR, FDA stated that potential regulatory actions include, but are not limited to, tobacco product standards and restrictions on the sale and distribution of tobacco products with flavors.

On April 29, 2021, FDA announced that it intends to propose a rule prohibiting menthol as a characterizing flavor in cigarettes by the end of April 2022. FDA indicated that the proposed rule will be one of the agency's highest priorities. The public would have at minimum 60 days to provide comments on the proposed rule and, if FDA decides to proceed, it would then draft and publish a final rule. The rulemaking process could take many months or years and once a final rule is published it ordinarily would not be expected to take effect until at least one year after the date of publication. For the twelve months ended September 30, 2021, approximately 19% of our cigarette unit sales were menthol flavored. We cannot predict how a tobacco product standard or a restriction on the sale and distribution of tobacco products with menthol, if ultimately issued by FDA, will impact product sales, whether it will have a material adverse effect on Liggett or Vector Tobacco, or whether it will impact Liggett and Vector Tobacco to a greater degree than other companies in the industry.

On March 18, 2020, FDA issued a final rule to require new health warnings on cigarette packages and in cigarette advertisements. This rule requires each cigarette package and advertisement to bear one of eleven textual warning statements accompanied by a corresponding graphic image covering 50% of the area of the front and rear panels of cigarette packages and at least 20% of the area at the top of cigarette advertisements. The rule establishes marketing requirements that include the random and equal display and distribution of the required warnings for cigarette packages and quarterly rotation of the required warnings for cigarette advertisements. The final rule provided for an effective date of June 18, 2021, 15 months after issuance of the final rule. The inclusion of new warnings and rotation requirements pursuant to the final rule would likely increase Liggett's production costs. On April 3, 2020, Liggett, along with other tobacco companies, commenced an action against the FDA in the United States District Court, District of Texas (Tyler Division) challenging the legality of the graphic warning final rule. On August 18, 2021, the court granted a motion to postpone the effective date of the final rule to October 11, 2022.

FDA requires each tobacco manufacturer to submit a plan providing for the random and equal display and distribution of the required warnings on cigarette packaging and the quarterly rotation of the required warnings in cigarette advertising. FDA must review and approve the plan prior to implementation. Liggett and Vector Tobacco each submitted a plan to FDA and these plans were approved by FDA on April 30, 2021.

### **SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS**

In addition to historical information, this report contains "forward-looking statements" within the meaning of the federal securities law. Forward-looking statements include information relating to our intent, belief or current expectations, primarily with respect to, but not limited to:

- the Proposed Spin-off of the Company's real estate services and PropTech investment business,
- economic outlook,
- capital expenditures,
- cost reduction,
- legislation and regulations,
- cash flows,
- operating performance,
- litigation, and
- related industry developments (including trends affecting our business, financial condition and results of operations).

We identify forward-looking statements in this report by using words or phrases such as "anticipate", "believe", "continue", "could", "estimate", "expect," "intend", "may be," "objective", "opportunistically", "plan", "potential", "predict", "project", "prospects", "seek" or "will be" and similar words or phrases or their negatives.

The forward-looking information involves important risks and uncertainties that could cause our actual results, performance or achievements to differ materially from our anticipated results, performance or achievements expressed or implied by the forward-looking statements. Factors that could cause actual results to differ materially from those suggested by the forward-looking statements include, without limitation, the following:

- the Proposed Spin-off may not be completed on the currently contemplated timeline or terms, or at all, and may not achieve the intended benefits; the Proposed Spin-off, if completed, may also present additional risk to us;
- general economic and market conditions and any changes therein, due to acts of war and terrorism or otherwise,
- governmental regulations and policies,
- adverse changes in global, national, regional and local economic and market conditions, including those related to pandemics and health crises, such as the outbreak of COVID-19, which began in 2020, as well as the impact of associated variants of COVID-19,
- impact of legislation on our results of operations and product costs, i.e. the impact of federal legislation providing for regulation of tobacco products by FDA,
- impact of substantial increases in federal, state and local excise taxes,
- uncertainty related to product liability and other tobacco-related litigations including the *Engle* progeny cases pending in Florida and other individual and class action cases where certain plaintiffs have alleged compensatory and punitive damage amounts ranging into the hundreds of million and even billions of dollars,
- potential additional payment obligations for us under the MSA and other settlement agreements with the states;
- significant changes or disruptions to our supply or distribution chains or in the price, availability or quality of tobacco, other raw materials or component parts, including as a result of the COVID-19 pandemic,
- the timing and extent of COVID-19 vaccine administration,
- the duration of the COVID-19 pandemic,
- adult smoker purchasing behavior of those who receive the COVID-19 vaccine,
- potential dilution to our holders of or common stock as a result of issuances of additional shares of common stock to fund our financial obligations and other financing activities,
- effects of industry competition,
- impact of business combinations, including acquisitions and divestitures, both internally for us and externally in the tobacco industry,
- the impacts of the Tax Cuts and Jobs Act of 2017, including the deductibility of interest expense and the impact of the markets on our Real Estate segment,
- the impacts of future income tax legislation in the U.S., including the impact of the markets on our Real Estate segment,
- failure to properly use and protect client and employee information and data, and
- the effect of a material breach of security or other performance issues of any of the Company's or its vendors' systems.

Further information on the risks and uncertainties to our business include the risk factors discussed above in “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” and under Item 1A, “*Risk Factors*” in our Annual Report on Form 10-K for the year ended December 31, 2020 filed with the Securities and Exchange Commission.

Although we believe the expectations reflected in these forward-looking statements are based on reasonable assumptions, there is a risk that these expectations will not be attained and that any deviations will be material. The forward-looking statements speak only as of the date they are made.

### **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

The information under the caption “Management’s Discussion and Analysis of Financial Condition and Results of Operations - Market Risk” is incorporated herein by reference.

#### **ITEM 4. CONTROLS AND PROCEDURES**

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we have evaluated the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report, and, based on their evaluation, our principal executive officer and principal financial officer have concluded that these controls and procedures are effective.

There have not been any changes in our internal control over financial reporting that occurred during the third quarter of 2021 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. We have not experienced any material impact to our internal controls over financial reporting despite the fact that some of our employees are working remotely due to the COVID-19 pandemic. We are continually monitoring and assessing our internal controls to minimize the impact on their design and operating effectiveness.

**PART II**  
**OTHER INFORMATION**

Item 1. Legal Proceedings

Reference is made to Note 9, incorporated herein by reference, to our condensed consolidated financial statements included elsewhere in this report which contains a general description of certain legal proceedings to which our company, or its subsidiaries are a party and certain related matters. Reference is also made to Exhibit 99.1 for additional information regarding the pending smoking-related legal proceedings to which Liggett or us is a party. A copy of Exhibit 99.1 will be furnished without charge upon written request to us at our principal executive offices, 4400 Biscayne Boulevard, 10th Floor, Miami, Florida 33137, Attn. Investor Relations.

Item 1A. Risk Factors

There are no material changes from the risk factors set forth in Part I, Item 1A, “Risk Factors,” of our Annual Report on Form 10-K for the year ended December 31, 2020, except as set forth below:

***FDA Regulation under the Family Smoking Prevention and Tobacco Control Act may adversely affect our sales and operating profit.***

In June 2009, the Family Smoking Prevention and Tobacco Control Act (“TCA”) became law. The TCA grants FDA broad authority over the manufacture, sale, marketing and packaging of tobacco products, although FDA is prohibited from banning all cigarettes or all smokeless tobacco products. For a more complete discussion of the TCA, see Item 1. Business. Legislation and Regulation.

In July 2017, FDA announced a comprehensive plan for tobacco and nicotine regulation, proposing an increased focus on the impact of flavors (including menthol) and on reducing the level of nicotine in tobacco. On April 29, 2021, FDA announced that it intends to issue a proposed rule to prohibit menthol as a characterizing flavor in cigarettes within the next year. FDA indicated that the proposed rule will be one of the agency’s highest priorities. The rule making process could take many months or years and once a final rule is published it ordinarily would not be expected to take effect until at least one year after the date of publication. For the last twelve months ended September 30, 2021, approximately 19% of our cigarette unit sales were menthol flavored. Regulations under the TCA that restrict or prohibit the sale of menthol flavored cigarettes would reduce the demand for our cigarettes and may have an adverse effect on our business and results of operations. We cannot predict how a tobacco product standard or a restriction on the sale and distribution of tobacco products with menthol, if ultimately issued by FDA, will impact product sales, whether it will have a material adverse effect on Liggett or Vector Tobacco, or whether it will impact Liggett and Vector Tobacco to a greater degree than other companies in the industry

As part of the comprehensive plan announced in July 2017, FDA said it would focus on nicotine addiction, with the goal of lowering nicotine levels in combustible cigarettes through a product standard developed through notice and comment rule making, which FDA announced in March 2018. See Item 1. Business. Legislation and Regulation. At this time, we cannot predict the specific regulations FDA will enact, the timeframe for such regulations, or the effect of such regulations. The rule making process could take years and once a final rule is issued it typically does not take effect for at least one year. We cannot predict how a nicotine tobacco product standard, if ultimately issued by FDA, would impact product sales, whether it would have a material adverse effect on Liggett or Vector Tobacco, or whether it would impact Liggett and Vector Tobacco to a greater degree than other companies in the industry.

In April 2018, FDA announced a change in its process for reviewing “provisional” substantial equivalence applications. See Item 1. Business. Legislation and Regulation for additional information on the substantial equivalence process. Vector Tobacco received a letter from FDA in April 2018 advising that FDA does not intend to conduct further review of Vector Tobacco’s remaining applications, with certain “conditions” (as described under Item 1. Business. Legislation and Regulation). Liggett received a letter from FDA in May 2018 advising that FDA does not intend to conduct further review for certain applications, also with certain “conditions” (as described under Item 1. Business. Legislation and Regulation). FDA has not indicated whether the applications relating to Liggett’s other products, not covered by that May 2018 letter, would proceed through FDA review. We cannot predict whether FDA will deem Liggett’s outstanding applications to be sufficient to support determinations of substantial equivalence for the products covered by these substantial equivalence reports. It is possible that FDA could determine that some, or all, of these products are “not substantially equivalent” to a preexisting tobacco product, as

the agency has already done for 20 of Liggett's applications. NSE orders for other cigarette styles may require us to stop the sale of the applicable cigarettes and other cigarette styles and could have a material adverse effect on us.

On March 18, 2020, FDA issued a final rule to require new health warnings on cigarette packages and in cigarette advertisements. This rule requires each cigarette package and advertisement to bear one of eleven textual warning statements accompanied by a corresponding graphic image covering 50% of the area of the front and rear panels of cigarette packages and at least 20% of the area at the top of cigarette advertisements. The rule establishes marketing requirements that include the random and equal display and distribution of the required warnings for cigarette packages and quarterly rotation of the required warnings for cigarette advertisements. The final rule provided for an effective date of June 18, 2021, 15 months after issuance of the final rule. The inclusion of new warnings and rotation requirements pursuant to the final rule would likely increase Liggett's production costs. On April 3, 2020, Liggett, along with other tobacco companies, commenced an action against the FDA in the United States District Court, District of Texas (Tyler Division) challenging the legality of the graphic warning final rule. On August 18, 2021, the court granted a motion to postpone the effective date of the final rule by 120 days to October 11, 2022.

We cannot predict whether the court will further delay the effective date and/or determine that some or all of the proposed textual and/or graphic warnings, or proposed prominence of the warnings, violate the First Amendment, Administrative Procedure Act, or other legal requirements, or what the impact of such a court ruling would have on the compliance timeline or requirements imposed on industry.

It is likely that the TCA and further regulatory efforts by FDA could result in a decrease in cigarette sales in the United States, including sales of Liggett's and Vector Tobacco's brands. Compliance and related costs are not possible to predict and depend substantially on the future requirements imposed by FDA under the law. Costs, however, could be substantial and could have a material adverse effect on the companies' financial condition, results of operations, and cash flows. In addition, FDA has a number of investigatory and enforcement tools available to it. Failure to comply with the law and with FDA regulatory requirements could result in significant financial penalties and could have a material adverse effect on the business, financial condition and results of operation of both Liggett and Vector Tobacco. At present, we are not able to predict whether the law will impact Liggett and Vector Tobacco to a greater degree than other companies in the industry, thus affecting our competitive position.

***Maintaining the integrity of our computer systems and protecting confidential information and personal identifying information has become increasingly costly, as cybersecurity incidents could disrupt business operations, result in the loss of critical and confidential information, and adversely impact our reputation and results of operations.***

Global cybersecurity threats and incidents can range from uncoordinated individual attempts that gain unauthorized access to information technology systems both internally and externally, to sophisticated and targeted measures known as advanced persistent threats, directed at the Company and its affiliated agents. In the ordinary course of our business, we collect and store sensitive data, including our proprietary business information and intellectual property, and personally identifiable information of our tobacco and real estate customers. Additionally, we increasingly rely on third-party providers, including cloud storage solution providers. The secure processing, maintenance and transmission of this information are critical to our operations and with respect to information collected and stored by our third-party service providers, we are reliant upon their security procedures. Our systems and the confidential information on them may also be compromised by employee misconduct or employee error. We and our third-party service providers have experienced, and expect to continue to experience, these types of internal and external threats and incidents, which can result, and have resulted, in the misappropriation and unavailability of critical data and confidential or proprietary information (our own and that of third parties, including personally identifiable information) and the disruption of business operations. For example, in April 2021, we determined that an unauthorized party gained access to the IT network of Douglas Elliman Property Management, a subsidiary of Douglas Elliman, and temporarily disrupted business operations and obtained certain files that contained personal information pertaining to owners and others in buildings managed by, and employees of, Douglas Elliman Property Management. Douglas Elliman Property Management took steps to secure its systems, contacted law enforcement, conducted an investigation and enhanced its security protocols to help prevent a similar incident from occurring in the future. Depending on their nature and scope, these incidents could potentially also result in the destruction or corruption of such data and information. Our business interruption insurance may be insufficient to compensate us for losses that may occur. The potential consequences of a material cybersecurity incident include reputational damage, litigation with third parties, diminution in the value of the services we provide to our customers, and increased cybersecurity protection and remediation costs, which in turn could adversely affect our competitiveness and results of operations. Developments in the laws and regulations governing the handling and transmission of personal identifying information in the United States may require us to devote more resources to protecting such information, which could in turn adversely affect our results of operations and financial condition.

***The Proposed Spin-off may not be completed on the currently contemplated timeline or terms, or at all, and may not achieve the intended benefits. The Proposed Spin-off, if completed, may also present additional risk to us.***

The Proposed Spin-off is subject to conditions, including, without limitation, final approval of the Company’s board of directors and the effectiveness of Spinco’s registration statement on Form 10 to be filed with the SEC. Unanticipated developments or changes in market conditions may delay the Proposed Spin-off, and the Proposed Spin-off may not occur on the currently contemplated timeline or at all. We cannot predict with certainty when the benefits expected from the Proposed Spin-off will occur or the extent to which they will be achieved, if at all. Furthermore, there are various uncertainties and risks relating to the process of the Proposed Spin-off that could have a negative impact on our financial condition, results of operations, and cash flows, including disruption of our operations and impairment of our relationship with regulators, key personnel, customers and vendors. If the Proposed Spin-off is successfully completed, we will face new risks, including having fewer assets, reduced financial resources and less diversification of revenue sources, which may adversely impact our financial condition, results of operations, and cash flows. In addition, the changes in our operational and financial profile may not meet some or all of our shareholders’ investment strategies, which could cause investors to sell their shares and otherwise decrease demand for shares of our common stock. Excess selling will cause the relative market price of our common stock to decrease, and the market price of our common stock may be subject to greater volatility following the completion of the Proposed Spin-off.

The distribution of shares of Spinco to our shareholders in the Proposed Spin-off is expected to qualify as tax-free under Section 355 of the U.S. Internal Revenue Code. However, if the IRS determined on audit that the distribution is taxable, we, and our shareholders, could incur significant U.S. federal income tax liabilities.

Following the Proposed Spin-off, the management and directors of each of the Company and Spinco may own common stock in both companies, and there will be an overlap between certain directors and officers of the Company and Spinco. This ownership, management and directorship overlap could create, or appear to create, potential conflicts of interest when the management and directors of one company face decisions that could have different implications for themselves and the other company. Potential conflicts of interest may also arise out of any commercial arrangements that we may enter into with Spinco in the future.

**Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**

No equity securities of ours which were not registered under the Securities Act have been issued or sold by us during the three months ended September 30, 2021.

**Issuer Purchase of Equity Securities**

Our purchases of our common stock during the three months ended September 30, 2021 were as follows:

Period	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number of Shares that May Yet Be Purchased Under the Plans or Programs
July 1 to July 31, 2021	196,673	\$ 14.21 <sup>(1)</sup>	—	—
August 1 to August 31, 2021	—	—	—	—
September 1 to September 30, 2021	—	—	—	—
Total	196,673	\$ 14.21	—	—

<sup>(1)</sup> Delivery of shares to us in payment of tax withholding in connection with several employees’ vesting in restricted stock. The shares were immediately canceled.

**RULE 13a-14(a) CERTIFICATION OF CHIEF EXECUTIVE OFFICER**

I, Howard M. Lorber, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Vector Group Ltd.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
  - (a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**RULE 13a-14(a) CERTIFICATION OF CHIEF FINANCIAL OFFICER**

I, J. Bryant Kirkland III, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Vector Group Ltd.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
  - (a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

## I. INDIVIDUAL CASES

### A. Engle Progeny Cases.

Pursuant to the Florida Supreme Court's ruling in *Engle v. Liggett Group Inc.*, which decertified the *Engle* class on a prospective basis, former class members had until January 2008 to file individual lawsuits. Lawsuits by individuals requesting the benefit of the *Engle* ruling are referred to as the "*Engle* progeny" cases. Liggett has resolved the claims of all but 38 *Engle* progeny plaintiffs. For more information on the *Engle* case and on the settlement, see "Note 9. Contingencies."

#### (i) Engle Progeny Cases with trial dates through September 30, 2022.

Alvarez v. R.J. Reynolds, et al., Case No. 07-30302, Circuit Court of the 11<sup>th</sup> Judicial Circuit, Miami-Dade County (case filed 09/17/2007). One individual suing as personal representative of the estate and survivors of a deceased smoker. The case is scheduled for trial during the three week trial period starting 01/10/2022.

Liles v. R.J. Reynolds, et al., Case No. 2009-030060-CICI, Circuit Court of the 7<sup>th</sup> Judicial Circuit, Volusia County (case filed 01/05/2009). Two individuals suing. The case is set for trial starting 04/04/2022.

Lopez, H. v. RJ Reynolds Tobacco Company, et al., Case No. D-0101-CV-2020-01686, 1<sup>st</sup> Judicial District, Santa Fe County, New Mexico (case filed 08/04/2020). One individual suing on behalf of the estate and survivors of a deceased smoker.

Lopez, T. v. RJ Reynolds Tobacco Company, et al., Case No. D-0101-CV-2020-01688, 1<sup>st</sup> Judicial District, Santa Fe County, New Mexico (case filed 08/05/2020). One individual suing on behalf of the estate and survivors of a deceased smoker.

Martinez, et al. v. RJ Reynolds Tobacco Company, et al., Case No. D-0101-CV-2020-01691, 1<sup>st</sup> Judicial District, Santa Fe County, New Mexico (case filed 08/05/2020). Two individuals suing.

## **II. CLASS ACTION CASES**

Parsons, et al. v. A C & S Inc., et al., Case No. 00-C-7000, First Judicial Circuit, West Virginia, Ohio County (case filed 02/09/1998). This purported class action is brought on behalf of plaintiff and all West Virginia residents who allegedly have claims arising from their exposure to cigarette smoke and asbestos fibers. The operative complaint seeks to recover unspecified compensatory and punitive damages on behalf of the putative class. The case is stayed as a result of the December 2000 bankruptcy petitions filed by three defendants (Nitril Liquidators, Inc., Desseaux Corporation of North America and Armstrong World Industries).

Young, et al. v. American Brands Inc., et al., Case No. 97-19984cv, Civil District Court, Louisiana, Orleans Parish (case filed 11/12/1997). This purported personal injury class action is brought on behalf of plaintiff and all similarly situated residents in Louisiana who, though not themselves cigarette smokers, were exposed to secondhand smoke from cigarettes that were manufactured by the defendants, including Liggett, and suffered injury as a result of that exposure. The plaintiffs seek an unspecified amount of compensatory and punitive damages. No class certification hearing has been held. In March 2016, the court entered an order staying the case, including all discovery, pending the completion of the smoking cessation program ordered by the court in *Scott v. The American Tobacco Co.*

## **III. HEALTH CARE COST RECOVERY ACTIONS**

Crow Creek Sioux Tribe v. The American Tobacco Company, et al., Case No. cv-97-09-082, Tribal Court of the Crow Creek Sioux Tribe, South Dakota (case filed 09/26/1997). The plaintiff seeks to recover actual and punitive damages, restitution, funding of a clinical cessation program, funding of a corrective public education program and disgorgement of unjust profits from alleged sales to minors. The case is dormant.
