- (1) Assumes conversion of all of the securityholders' notes at a conversion price of \$19.40 per share of common stock. The conversion price is subject to adjustment as described under "Description of Notes-Conversion Rights" and, as a result, the amount of common stock issuable upon conversion of the notes may increase or decrease in the future.
- (2) Calculated based on Rule 13d-3(d)(i) of the Exchange Act using shares of common stock outstanding as of August 29, 2005. In calculating this amount, we treated as outstanding the number of shares of common stock issuable upon conversion of all of that particular securityholder's notes. We did not assume, however, the conversion of any other securityholder's notes.
- (3) The selling securityholder is a subsidiary of Bank of America Corporation. The selling securityholder has informed us that (i) it is a registered broker-dealer, (ii) it purchased the securities in the ordinary course of business, and (iii) at the time of purchase, the selling securityholder had no agreements or understandings, directly or indirectly, with any person to distribute the securities. Investing in the notes and our common stock involves risks, which are described under "Risk Factors" beginning on page 14 of the prospectus.
