The Company believes that the Non-GAAP Financial Measures are important measures that supplement discussions and analysis of its results of operations and enhances an understanding of its operating performance. The Company believes the Non-GAAP Financial Measures provide investors and analysts with a useful measure of operating results unaffected by differences in capital structures and ages of related assets among otherwise comparable companies.

Management uses the Non-GAAP Financial Measures as measures to review and assess operating performance of the Company's business, and management and investors should review both the overall performance (GAAP net income) and the operating performance (the Non-GAAP Financial Measures) of the Company's business. In addition, the Non-GAAP Financial Measures are susceptible to varying calculations and the Company's measurement of the Non-GAAP Financial Measures may not be comparable to those of other companies.

EBITDA is defined as net income before, interest, taxes, depreciation and amortization. Non-GAAP Financial Measures include adjustments for change in fair value of derivatives embedded within convertible debt, loss on extinguishment of debt, litigation settlements and judgment expense, impact of Master Settlement Agreement settlements, restructuring charges, net gains on sales of assets (for purposes of Adjusted EBITDA only), and impairments of goodwill and intangible assets. For purposes of Adjusted EBITDA only, adjustments include equity in earnings from investments, equity in losses from real estate ventures, stock-based compensation expense, and other, net.

New Valley LLC, the real estate subsidiary of Vector Group Ltd., operates a real estate services, technology and investment business through its ownership of Douglas Elliman, the largest residential real estate brokerage firm in the New York metropolitan area, and a minority stake in numerous real estate ventures. New Valley LLC Adjusted EBITDA is defined as the portion of Adjusted EBITDA that relates to New Valley. New Valley's Adjusted EBITDA does not include an allocation of expenses from the Corporate and Other segment of Vector Group Ltd.
